## PACIFIC PLANE PILOT KILLED IN CRASH TO-DAY

A. V. Rogers Lost Life While Testing Machine For California-Honolulu Flight

He Was Third Killed During Preparations; Two Other Planes Wrecked

Los Angeles, Aug. 12.—Arthur V. Rogers, taking his Dole flight aeroplane Angel of St. Louis into the air for the first trial to-day, was killed when the craft crashed to the ground two miles from the Western Air Express field at Monte Bello, from which he had taken off.

It was the second fatal crash and the third accident to mark the preliminary stages of the hop. Lieut. George Covell and Lieut. R. S. Waggener were killed Wednesday when their plane crashed on Point Loma, Cal. The triplane of Capt. J. L. Griffin and Ted Lundgren was wrecked yesterday when it fell in San Francisco Bay near the Oakland airport.

**RACE NEXT TUESDAY**  
Airport, Oakland, Cal., Aug. 12.—The start of the James Dole \$35,000 prize aeroplane derby over a 2,400-mile course from San Francisco to the Island of Oahu, in the Hawaiian group, was postponed from noon to-day until next Tuesday at night. By unanimous agreement last night, nine entrants with planes at this starting point resolved to advance the date. The agreement was made in order to permit all signers to pass federal tests required of all entrants in the race. A night meeting of the pilots and navigators called after a day of trying test trips brought the agreement.

Several of the machines need further preparation. **INSPECTORS ON ALERT**  
Inspectors of the Federal Department of Commerce will have the last day to-day in settling the planes away. The local committee agreed to authorize no entrant to start until official approval has been given by the inspectors.

The pilots, navigators and mechanics in charge of the nine planes on the field to-day were working to complete work on the machines before the starting hour.

**ALL TESTS TAKEN**  
One plane, that of Major Irvin was put through all of the tests covering efficiency of navigators and their instruments.

## PRINCES WILL REACH THIS COAST AUG. 18

Prince of Wales and Prince George to Come to Victoria August 19

Vancouver, Aug. 12.—The Prince of Wales and Prince George will arrive in Vancouver at 9:30 next Thursday morning from Calgary.

Everything is bustle and haste these days at the C.P.R. depot. Railway employees are pressing their uniforms and polished buttons. The cars are each helping to serve the heir to the British throne.

After their arrival here the Princes will immediately go to their suite at the Vancouver Hotel. After resting a few hours, the Prince of Wales will address the Vancouver Canadian Club at a luncheon at 1:30 p.m. for the Vancouver Exhibition immediately after the luncheon.

**GUEST AT DANCE**  
At night the Prince will be the guest of honor at a military ball.

Hurrying back to his hotel to change clothing, the Prince of Wales, in company with Prince George, will board the steamer Princess Adelaide at 11:45 p.m. for Victoria.

The week-end will be spent in Victoria, the Royal visitors returning to Vancouver the morning of August 29. The Princes will arrive at 7:45 a.m., and will leave for the East at 1 o'clock noon.

## TWO MEN KILLED IN TRAIN SMASH

Engineer and Fireman Lost Lives in Wreck Near Racine, Wisconsin

Milwaukee, Wis., Aug. 12.—Two Milwaukee Railroad employees, an engineer and a fireman, were killed early to-day when a fast Milwaukee train, running between Minneapolis and Chicago, struck an open switch near Sturtevant, west of Racine. Several others on the train were hurt. Those who lost their lives were L. H. Brock, engineer, and Terry Webber, fireman, both of Milwaukee.

## ONE OF THESE TWO MAY BE U.S. PRESIDENTIAL CANDIDATE IN 1928

Dr. Nicholas Murray Butler (above), president of Columbia University, New York, and Frank O. Lowden (left), former Congressman and former Governor of Illinois, are prominently mentioned in the discussion in the United States of the Republican nomination for the presidency. There has been much speculation since President Coolidge made his brief announcement: "I do not choose to run for President in 1928."

Dr. James T. Shotwell, formerly of Stratford, Ont., head of the Department of History, Columbia University, New York, a member of the Carnegie Peace Foundation, and adviser to President Wilson at the Peace Conference at Paris, arrived in Victoria to-day on his way back from Honolulu, where he was one of the United States representatives at the sessions of the Institute of Pacific Relations.

Dr. Shotwell is meeting here another noted Peace Conference participant in the person of David Hunter Miller of New York City, internationally known lawyer, who was President Wilson's legal adviser in Paris and one of those who took part in drawing up the Treaty of Versailles. Mr. Miller is spending the summer at a resort near this city. The two lunched together to-day.

After visiting his brother-in-law, Prof. R. S. Baker at his summer home at Cordova Bay Heights, Dr. Shotwell, who is accompanied by his wife and daughter, will start East to lecture this month at Dartmouth University, and later to lecture on Pacific problems in New York City.

The Honolulu Pacific relations conference will likely have far-reaching results in the way of early betterment of understandings and relations in the Pacific area, Dr. Shotwell said.

"The conference was in no sense official, and no resolutions were passed or even voted upon," Dr. Shotwell went on. "The outstanding differences between China and America, which are being discussed along with the problems of the Japanese and others. The discussion was carried along to suggestions of policies that it was thought might solve the Far Eastern trouble."

## REVENUE SHOWS CANADA IS IN HEALTHY STATE

E. S. Busby, Chief Inspector of National Revenue, Tells of Progress Throughout Country

E. S. Busby, chief inspector of National Revenue for Canada, who was in Victoria this week inspecting the local customs department, speaks very enthusiastically of Canada's economic condition as reflected by the rapidly expanding revenue of the Dominion.

To a Times representative, Mr. Busby explained some of the factors which led him to believe that, economically, the country is progressing rapidly. In Montreal this year he stated, the total revenue for the Dominion Government will be over \$100,000,000.

In Toronto a similar increase is indicated. Although the total is not so large, all departments are contributing large gains toward a substantially higher figure than that of last year.

As Mr. Busby pointed out, the fact that the revenue of one city alone should exceed \$100,000,000 is very significant. Not only this, but, based upon the status of Montreal and Toronto revenue increases, it is expected that throughout the Dominion there will be large increases in national revenue this year, he explained.

Mr. Busby returned to Vancouver last night, but may return to the city in a few days.

## Hon. H. E. Pratten Is to Visit Ottawa

Ottawa, Aug. 12.—Hon. H. E. Pratten, Minister of Trade and Customs of Australia, will arrive in Ottawa at the beginning of next week. Mr. Pratten is to stop off here on his return journey from Great Britain to Australia, and will, it is understood, discuss some matters with the Federal Government.

## MUCH EXCITEMENT ON STOCK EXCHANGE IN NEW YORK TO-DAY

Numerous Shares Fell Sharply in Price and Then Quickly Rallied

New York, Aug. 12.—A wide open break in the stock market here to-day, in which many issues crashed five to nearly twenty-five points, was followed by a partial recovery, led by high-grade industrials. Acute weakness developed in the late trading in southwestern rails, several of which dropped four to six points.

## PEACE IN PACIFIC ADVANCED BY HONOLULU MEET

Noted Historian and Adviser to President Wilson Here From Conference

Way is Paved For British Understanding With China, He Says

Dr. James T. ## CRISIS IN THE DAIL IS POSTPONED TILL EARLY NEXT WEEK

Test Vote Tuesday; Opposition Groups Outnumber Cosgrave Party Members

Forty-five Members of Valera's Republican Party Take Seats in House

Dublin, Aug. 12.—The life of the Cosgrave Government of the Irish Free State has been prolonged less until next Tuesday.

Postponement of the crisis expected to result from the seating to-day of Eamon de Valera and the forty-four members of his Fianna Fail Party in the Dail was seen in the announcement in the Dail this afternoon that a vote of confidence on a motion of Tom Johnson, parliamentary Labor leader, would be taken Tuesday.

SEVENTY-SEVEN TO SIXTY-SEVEN  
Counting the Fianna-faile, the combined opposition in the Dail will number seventy-seven as against a possible sixty-seven for the Government. (Concluded on page 3)

## BRITISH NEWSPAPER LEADERS START TOUR OF THIS COUNTRY

Ninety-seven Visitors Land at Quebec; Will Gather Much Information

Quebec, Aug. 12.—Ninety-seven newspapermen, members of the Newspaper Society of Great Britain, landed at this city on board the liner Montrose of the Canadian Pacific Lines last night and landed from the ship this morning.

The party, the largest of its kind ever to visit Canada, will travel across the country, collecting first-hand information on the possibilities offered for settlement and the investment of British capital in Canada. The newspapermen represent the press of all parts of England, Scotland and Wales.

## BALDWIN EAGER TO VISIT THIS COAST

Assures Lieutenant-Governor He Hopes to Make Journey Later

Rt. Hon. Stanley Baldwin, Premier of Great Britain, telegraphed to Lieutenant-Governor R. R. Bruce to-day that he hoped to come to British Columbia in the near future.

This message was in reply to greetings telegraphed by Mr. Bruce to the British statesman at Banff.

"Permit me on behalf of the people of British Columbia to express their sincere regret that you find yourself unable through pressing engagements to avail yourself of the hospitality we should have liked to extend to the Prime Minister of Great Britain. We in British Columbia appreciate the far-reaching effects of your visit to Canada and the value of the personal presence of the Prime Minister of the Mother Land during our memorable year of Confederation. All wish you God speed and a safe return to the Mother Land."

To this Mr. Baldwin replied: "I send warm thanks for your message and am most grateful for the greetings and good wishes sent to me from British Columbia. As you know only lack of time, not any want of inclination, has kept me from reaching the Pacific Coast. But I have at least been able to cross the Great Divide to-day and to see something of your scenery. This has filled me with admiration and sharpened my wish to see more of the Province. Some day I hope the occasion will come."

COL. E. M. HOUSE

Halifax, Aug. 12.—Calvin Coolidge can again have the Republican nomination for the presidency of the United States in 1928 if he so desires. This is the belief of Colonel E. M. House, who was confidential adviser to the late President Wilson during the World War. Col. House touched at this city en route home from Europe.

## MEN IN ENGINELESS AUTO BEING TOWED ACROSS CANADA

Brookville, Ont., Aug. 12.—En route from Halifax to Vancouver in an old engineless motor car in the hope that they may reach their destination before the season closes by depending completely upon, towns, Frank Elliott and George Scott, both of Amherst, N.S., reached here last night and left to-day for Kingston. They left Halifax July 30.

## RUM SHIP RAN TO ESCAPE IN NEW YORK HARBOR, BUT FAILED

Guards Arrested Thirty-four Men; \$500,000 Worth of Liquor Seized

New York, Aug. 12.—The Ansonia, a single stacked freighter, said by police to contain half a million dollars' worth of contraband liquor, was anchored under guard off the Statue of Liberty to-day after it had fled from the surprise attack of almost half a hundred Staten Island police, had cut a sand barge in two and had run upon a sandbar, where it was captured by United States coastguards.

Thirty-four men were arrested by the Staten Island police, who also captured seven 7-ton trucks and three expensive automobiles.

**ANOTHER VESSEL SEIZED**  
The steamer, taken to the Statue of Liberty by the coastguards to-day, was the second alleged rum-runner to be captured in the harbor within twenty-four hours. The Newfoundland steamer Sebastopol was taken yesterday with a load of liquor estimated by the coastguards to be worth \$300,000 at bootleg prices and the crew of seventeen men was held for hearing later.

The Sebastopol was technically classified as a pirate ship because it was said to have changed its name at sea to the Westmorland.

While the police were busy taking their prisoners, the crew of the Ansonia, which had not yet begun to be unloaded, cut the boat loose from the dock and started at full speed through the waters of the Killarvonkull. In haste to escape the helmsman ran the ship into two anchored sand barges, cutting one of them cleanly in two and causing two men on board the barge to be thrown headlong into the water on sand bar.

The alleged rum-runner careened onward through the darkness, until it ran its bow high and dry on a sand bar. After rescuing the two men thrown into the water, police notified the coastguards and a cutter was sent, which pulled the steamer from the sand bar and took it and its crew to an anchorage close to the Statue of Liberty, where it was kept under close guard beside the Sebastopol.

Police said all the men captured, except six, were drunk men and laborers.

A temporary technical charge of trespassing was laid against the thirty-four men, and the police said they had been requested by Federal authorities to hold their prisoners without bail, pending further investigation.

## WOMAN MISSING IN TERMINAL CITY

Vancouver, Aug. 12.—Anxiety is felt by the friends of Mrs. T. Ryan, forty-four, 1158 Melville Street, Vancouver, as her present whereabouts. According to a report made to the police by the proprietress of the apartment house in which Mrs. Ryan lived, the latter left last night and a note was found some time later in which the writer expressed her intention of committing suicide.

The information stated the woman had been in indifferent health for some months.

## WELLS GRAY IS LIBERAL CHOICE AT ROYAL CITY

Brief Campaign Planned by Liberal Party With Nominations August 22; Candidate Has Yet to Be Selected by Conservatives; Hon. J. D. MacLean Opened Campaign on Mainland Last Night

The New Westminster by-election will be held on August 25 following nominations on August 22. These dates were announced at the Parliament Buildings this morning after Liberals of New Westminster had unanimously chosen Wells Gray, Mayor of their city, as Liberal candidate in the approaching contest.

Mr. Gray is taking the place of the late Dr. E. J. Rothwell, as Liberal leader in the Fraser River city. His was the only name proposed at the Liberal convention, the nomination being proposed by David Whitehead, K.C., and seconded by Alderman Hume.

The fact that Conservatives have not nominated a candidate indicates that they are having difficulty in securing a man considered capable of carrying the seat. It is expected they will hold a convention early next week.

Hon. S. P. Tolmie, Conservative Party leader, on his way to the Coast from Ottawa, will remain on the Mainland to direct the Conservative campaign personally. R. H. Foley, Conservative House leader, will leave here to-night for New Westminster to join his chief and other leading Conservatives there.

## TRADE CONFERENCE ASSURED SUCCESS

President of Pacific Foreign Trade Council is Pleased With Progress

Victoria Gathering to be Attended by 800 World Delegates

William Pigott, Seattle president of the Pacific Foreign Trade Council, was in Victoria to-day conferring with the executive of the Chamber of Commerce on final arrangements for the gathering that is to take place here commencing September 15. Upwards of 800 delegates are expected to the convention, which will be participated in by many countries, and which is to draw large numbers from the territory bordering on the Pacific region.

The delegates will be welcomed by Provincial and civic authorities in ceremonies planned for the evening of September 15. Leading sessions will be held over a three-day period, with group sessions interspersed between the main items on a heavy programme. Large number of speakers, experts on their particular subjects, will be heard by the delegates.

Great Britain, Canada, the United States and many countries bordering on the Pacific Ocean, east and west, will be represented at the conference. Acceptances are pouring into Victoria, as the convention site, daily in increasing numbers.

The Pigott and the executive made progress to-day with the final arrangements in preparation for the gathering, which will comprise one of the largest and most important conferences held in the Pacific Northwest on trade affairs in many years.

Mr. Pigott was warm in praise for what had been done by the local executive in preparation for the event, and expressed the view that the conference would prove to be one of the most important and successful ever held under the auspices of the Foreign Trade organization.

## BUILDINGS HERE CLOSELY GUARDED

Authorities Follow Other Capitals in Protecting Legislative Pile

Extra watchmen and guards have been placed on the Parliament Buildings at night, following similar precautions taken in capitals all over the world—an outcome of the celebrated Sacco-Vanzetti trial.

While officials have no reason to fear trouble here as a result of the agitation carried on in many places to secure a reprieve for the two condemned men, it was considered wise to adopt precautionary measures. People living near the Buildings reported hearing revolver or rifle shots last night, but were given no confirmation of this story and little credence is attached to it.

## VANZETTI HEARING SET FOR TUESDAY

Massachusetts Court Will Hear Arguments on Behalf of Two Condemned Men

Boston, Aug. 12.—Nicola Sacco and Bartolomeo Vanzetti today were in ordinary cells in the Massachusetts prison here while the way was cleared for a hearing in their defense before the full bench of the Massachusetts Supreme Court.

In contrast to Wednesday night, when they waited in the death cells until half an hour before the time scheduled for their execution for the world which brought them twelve days more of life, last night they rested in obviously better spirits in the Cherry Hill section of the prison.

In contrast, too, to the flat denials of Federal judges in the last pronouncement of the courts Wednesday, today they had assurance of a hearing in the state Supreme Court of exceptions to denial of a writ of error and also of exceptions to Superior Court rulings which had barred them from seeking a new trial or stay of sentence. "What a beautiful day," Sacco exclaimed yesterday noon while crossing the prison yard. Reviving spirits gave him strength to make the trip unassisted and to climb the stairs to a more cheerful cell than that which adjoins the death chamber. Celestino Madefro, who shared in the respite granted by the Governor and his council, was also moved.

### HEARING NEXT TUESDAY

The next legal battle in behalf of Sacco and Vanzetti was scheduled today for 9.30, next Tuesday morning, when the four available justices of the Supreme Court of Massachusetts will meet as a full bench to hear the bill of exceptions allowed by Judge Sanderson to his denial of a writ of error.

Should their decision be favorable, the case would go back to a single justice for a hearing on the merits, with a possibility that it might again reach the full bench.

Meanwhile Judge Thayer, superior court justice who presided at the trial, late yesterday opened a second avenue to the Supreme Court when, at his home in Worcester, he allowed defense exceptions to his rulings of lack of jurisdiction on the merits of a new trial, as well as to denials of a stay of execution and revocation of sentence. The Supreme Court might hear this bill at the same sitting.

Vanzetti yesterday drank coffee at two meal times, while Sacco, whose hunger strike now has entered the twenty-sixth day, replied to the urgings of the prison physician with: "No, that is my state of mind, I will not eat."

Guard precautions were relaxed in part yesterday as the atmosphere of the case took on a easier tone. Tight watch was maintained at strategic points. Municipal courts meted out fines of \$5 to thirty-five persons who loitered and loitered in front of the State House Wednesday and placed the case of another demonstrator on file.

### FRENCH COMMENTS

Paris, Aug. 12.—France in general received news of the Sacco and Vanzetti respite with a relief. Many of the papers taking it as an omen that the two condemned men will be allowed to live much longer than the twelve days granted them by Governor Fuller. Most of the newspapers expressed happiness in a sober tone that the State of Massachusetts had not taken the lives as scheduled of the two men "who so many people in parts of the world think innocent."

The papists of the left wing, especially the extremely radical ones, were even more vehement in their joy—and what some of them seemed to consider their victory—than they were in their campaign to save Sacco and Vanzetti from the electric chair.

The general opinion as expressed in papers of all shades of political faith was that if the men were given a respite of twelve days only to be executed in the end, it would be "but one more ghastly refinement of torture after permitting the pair to linger in the shadow of death for seven years."

### HOPE EXPRESSED

The political and literary Journal des Debats said: "Postponement has been decided upon. One cannot believe this intervention would have no other effect than to prolong the torture of the two men. The Governor of Massachusetts has full power of grace. May he use it to put an end to this dolorous drama. That is the hope felt in every country."

### Witfield W. Stuart Died in Vancouver

Vancouver, Aug. 12.—Witfield W. Stuart, sixty-eight, died yesterday at his residence, Forty-third Avenue West, Vancouver. Mr. Stuart was well known in the lumber business here and had resided in the city for thirty-six years.

### MONTREAL DEATH

Montreal, Aug. 12.—Robert Ross Williamson, secretary to Dean Perrin of the McGill Conservatory of Music, died suddenly here yesterday at the age of fifty-one years.

## MOOSE IN ATLIN GROW IN NUMBERS

W. Owen, Provincial Police Officer, Tells of Trip in Northern B.C.

Vancouver, Aug. 12.—Returning from an inspection trip through northern British Columbia, Walter Owen, assistant superintendent of provincial police, reports the moose population in the Atlin district has increased twenty-five per cent during the past sixteen years.

"Likewise, coyotes are more plentiful and are killing off small game, such as rabbits and grouse. When desperate with hunger, coyotes have been known to attack larger animals, and an Indian told Mr. Owen he had rescued a moose whose hide and flanks were torn by a band of coyotes."

Accompanied by Major Montague Fisher, chief game inspector for the Province, Mr. Owen visited Atlin by way of Skagway and Carcross.

### SAW OLD-TIMERS

There the assistant superintendent renewed acquaintance with many old-timers, whom he knew when in charge of the district sixteen years ago, and of these, none were more pleased to meet him than the Indians, who were under his jurisdiction years previously.

Leaving the coast steamer at Prince Rupert, Mr. Owen took the train to Prince George, and thence motored to Quesnel, Barkerville, Bowron Lake, where is a large game reserve, Clinton and Ashcroft.

There will be a bumper hay crop from the Cariboo this year, Mr. Owen says. Mining activity in the Atlin district is increasing, he states, and sixty men are employed at the Engineers' Gold Mine at Taku Arm, near the Golden Gate. Many tourists are visiting there this summer.

## QUEENSLAND SCENE OF RACIAL CLASH

Southern European Immigrants Are Prime Movers in Sugar Field Strike

Brisbane, Australia, Aug. 12.—The diversion of the Southern European migration from the United States, to among other countries, Australia, threatened to swell the latter's development difficulties. Immigrant ships—especially French—are bringing a steady stream of foreign settlers, whose lower standards of living—especially in the case of hostility to Australian workers.

Many of the foreigners go to the Queensland sugarcane fields, and it is there that the first serious clash has occurred. During a dispute between cane farmers and union cane cutters a strike picket, John Hines, forty-two, who was with four other pickets, challenged a man on a road in the Innisfail district. The stranger replied in broken English, and then, retreating among some bushes (it was at night) fired a number of shots. Hines was fatally wounded, and next day 400 men carrying banners made a demonstration at the funeral.

### FIREARMS CALLED IN

A racial war seemed imminent, and the Government, alarmed at the rush for guns and revolvers at arms shops, hurriedly suspended all sales. Later it called in all firearms.

Recently the Government handed over the South Johnstone mill to cane growers, who on a co-operative basis formed a board of directors. It is alleged the new directors dismissed all the employees in order to sign on cheaper foreign and non-union labor. Union cutters at once struck, and picked all roads to the mill. The farmers replied by rushing free laborers to the mill in cars under police escort.

### TRAINS GUARDED

The state of racial tension continues. Cane trains are being guarded by police, and train crews have been assaulted at times by women—after leaving their escorts. One incident will illustrate the general position, which is unique in Australian experience. A party of strikers met a Scotian carrying a gun.

Disarming him, they proved the weapon loaded by firing a shot into a post. Immediately a party of foreigners, all well armed, dashed out of a cane field, before whom the Australian workers had to retreat, being themselves unarmed or insufficiently armed.

Against twenty-five Australian workers signed on at the South Johnstone for this season's cutting, there were 114 Italians, seventy-four Maltese, twenty-eight Jugoslavs, eight Greeks and six Spaniards.

### Man Over Seventy is Hanged in Quebec

Three Rivers, Que., Aug. 12.—Alexander Lavalee, the seventy-three-year-old murderer of St. Etienne des Ores, was hanged at 6.25 this morning for the killing of his own daughter, Rose Anna, wife of Louis de Vaudreuil, on August 10, 1926. He was very calm and walked firmly to the gallows.

## Australia Prepares For Big World's Fair

Sydney, Australia, Aug. 12.—To celebrate the completion of the great bridge spanning Sydney Harbor—it will be the longest single-arch bridge in the world—the Commonwealth Government is organizing a world exhibition, to be opened in Sydney in 1931. It will cost \$15,000,000. The plan also includes the completion of another big scheme, the City Railway, a giant system embracing underground lines like the London tubes.

It is hoped Britain and Canada, and the other Dominions will arrange for extensive exhibits of their products.

## CHURCH LEADERS DISCUSS MESSAGE

Gospel Must Remain Basis of Christian Life, Say Speakers at Lausanne

Lausanne, Aug. 12.—In an atmosphere of hushed expectancy, the World Conference on Faith and Order yesterday received from its sectional commissions the reports, intended as statements to the Christian world, of its attitude on three important subjects. These were "The Nature of the Church," "The Church's Message to the World" and "The Church's Common Confession of Faith."

On only one subject, that of "The Church's Message to the World," was there a vote for discussion. "The message of the church to the world," reads this document, "is and must always remain the Gospel of Jesus Christ. It is a prophetic call to sinful men to turn to God."

"The Gospel proclaims the only way in which humanity can escape the class and race hatreds, which now devastate society, into the enjoyment of national well-being and international goodwill."

"The church offers in the eternal Gospel an answer to all the legitimate needs as providential aspirations of the modern world. Consequently, alike in the past and the present, the Gospel is the only and absolute way of salvation."

## GREAT SEARCHLIGHT IS MADE IN THE U.S.

New York, Aug. 12.—A light so strong that it will produce the effect of a sun, built at a distance of two miles and will blister the skin of a person standing 1,000 feet away, will be turned on next Tuesday night at Charlottesville, Va., the General Engineering Management Corporation announces.

The searchlight will have a beam of 1,385,000,000 candlepower, visible 200 miles. The crater of the light, it is stated, will be the size of "a spot on earth," when 17,200 watts are turned on to give the light its full power. The temperature of the crater will be approximately 38,000 degrees Fahrenheit, and the crater will be "as bright as the sun at high noon."

The light, said to be five times more powerful than any used heretofore, will be exhibited under full power in conjunction with the Institute of Public Affairs now in session at the University of Virginia. The Virginia Public Service Company will sponsor the exhibit. It will be flanked at 8 o'clock, observatories in all parts of the United States have been advised.

### THOROUGH TESTS

Tests planned for the light include a check of certain of the theories of Prof. Albert Einstein and the current concept of the speed of light. The light will be placed at the disposal of University physical laboratories for tests.

## MEMORY OF FIRE CHIEF HONORED

Portland, Ore., Aug. 12.—Fire chiefs of the world yesterday paid tribute to a fire chief who lost his life in the line of duty when they participated with Portland officials in the breaking of ground for the \$500,000 memorial to David Campbell and other heroic dead of the Portland Fire Bureau.

Thomas R. Murphy, president of the International Association, and James Armstrong, president of the Dominion of Canada Association, turned earth at the memorial site. The ceremony was held in connection with the annual convention of the associations.

Toronto, Aug. 12.—Following a five-month inspection tour of United Church missions in China, Formosa, Japan and Korea, Rev. Dr. Alfred Gaudier, principal of Knox College, who has returned to Toronto, stated in an interview that he believed there were silver linings in the Chinese clouds. "I am far from pessimistic about the missionary outlook," he said. "Most of our missionaries have been withdrawn from their Chinese fields, but I think some solution may be reached which will permit a resumption of their work."

## Ford Enjoys His First Plane Trip

Detroit, Mich., Aug. 12.—Colonel Charles A. Lindbergh shattered another record yesterday when he persuaded Henry Ford to take his first aeroplane ride. Accepting the transatlantic flier's invitation to ride with him, Mr. Ford clambered into the famous plane, "Spirit of St. Louis," and cruised above the Ford airport for more than ten minutes.

Immediately thereafter Edsel Ford was taken up for a similar flight. It was also the younger Ford's first flight.

## THE COUNCIL'S DUTY

**WHY THERE SHOULD BE ANY DIFFERENCE OF OPINION** in the City Council over the recommendation of its industrial committee that an engineer be appointed to supervise the plans and construction of the projected elevator for the city is difficult to fathom. This is about the first thing most people would expect the council to do. We understand that the city engineer, owing to the pressure of his other duties, does not wish to assume responsibility for this supervision. The next step naturally is to appoint a competent man to do this very important work in the interests of the city.

Victoria is raising \$500,000, on which it also undertakes to pay interest, for the construction of an elevator for the Panama Pacific Grain Terminals Limited of a capacity of a million bushels. The money thus raised will be expended before the company will put up a dollar. Before voting on the elevator by-law the ratepayers were assured that every provision would be made for the protection of the city's interests and to insure that the city would get what it voted for. Without the appointment of an engineer to supervise this work on behalf of the city a most vital safeguard would be missing. One alderman actually had the hardihood to recommend that the engineer employed by the company should act for the city as well. The City Council would be well advised to adopt the recommendation of its industrial committee. Its failure to do so would result of an interpretation complimentary to neither itself nor the intelligence of our ratepayers—and that is a very mild way of putting it.

## IRISH FREE STATE DEVELOPMENTS

**AS LONG AS THE REPUBLICAN MEMBERS** refused to take their seats in the Dail Eireann the Irish Free State Government under President Cosgrave was in a position to carry on without very much difficulty. But the position to-day is vastly different from what it was forty-eight hours ago. Mr. de Valera and his forty-four followers at last have taken the oath of fidelity to the King and their places in the Chamber.

Two or three days ago it was apparent that quite a number of the Republican members were wavering in their attitude towards the oath. They were not any more enthusiastic about taking it than they had been before; but it was obvious they were growing restless under a condition which, while members of the Dail, they were excluded from taking any part in the deliberations of that body by reason of the fact that they objected to going through a formality objectionable to them. A long conference, at which Mr. de Valera was present, ended with a decision on the part of a number of Republican members to conclude their qualifications to sit in the Dail, their leader, however, remaining adamant. But he, too, has capitulated, and the stage now is set for interesting events.

Latest advices from Dublin indicate that the Opposition forces, composed of Republicans led by Mr. de Valera, the National League headed by Captain William Redmond—a son of the late John Redmond—and Laborites under the direction of Mr. Tom Johnson, have reached an agreement to oppose the Government and test it with a vote of want of confidence when the Dail meets next Tuesday. The outcome of this vote will be awaited with considerable interest, since the strength of the combined Opposition, exclusive of five Sinn Feiners and four Independents, will amount to seventy-seven as against a possible sixty-seven for the Government. At the present time the number of Deputies in the Dail, the representation being on a population basis, is 153. What attitude the Sinn Feiners and the Independents may take, of course, is not yet apparent; but if all voted for the Government, its total vote still would be one less than that of the combined Opposition.

Just what Mr. de Valera intends to do if the support of his party, added to that of the National League and the Laborites, should result in a defeat of the Government, is far from clear. In any event, a Government composed of members of these three parties—neither National League nor Labor being anti-British—could not survive a test involving association with the Empire.

## OUR FALL FAIR

**LATEST REPORTS FROM THE SECRETARY'S** office indicate that the Provincial Exhibition which will open at the Willows on August 22 will surpass all other events of this nature as far as exhibits are concerned. This is predicting a good

deal, for last year's showing was a revelation to the general public, and convincing evidence of the wide range of products that can be grown and manufactured in and close to this community.

Obviously, however, more than full stands of exhibits are necessary to make an event of this character a success. Unless the majority of our citizens attend the exhibition and thoroughly learn the lesson which it teaches, it will not leave the impression upon the public mind in which the promoters are chiefly interested. In fact, this annual fair should be regarded by the consumers of this community as a gigantic store window displaying local products, the greater patronage of which is the surest and quickest way of increasing the size of local payrolls, of promoting a larger measure of prosperity in every sense of the term.

There also is another important reason why our people should turn out in large numbers and show their appreciation of the progressive spirit manifested by the hundreds of exhibitors who spend a great deal of time and go to no end of trouble in order to demonstrate the possibilities of this community in an agricultural and industrial sense. This exhibition every year is visited by a number of tourists who are studying us through commercial eyes, and upon what they see at the Willows, both in the way of exhibits and in the manifestation of local interest in them, their judgment of us and this city very largely will depend. If these visitors are considering investments, or even just a new place of residence, one factor which must enter into their decision is the character of our people; they will want to live in an atmosphere of progress—unless there is something radically wrong with their outlook on life. At any rate, we should not be found guilty of indifference in this regard.

It will be noted with interest that the exhibition authorities have arranged for the entertainment of their patrons by engaging an amusement company that is well and favorably known all over the continent. The attractions which this organization will provide should stimulate attendance. But all our citizens should regard it as their duty to patronize the fair and make it a greater success than ever.

## TOURIST BUSINESS GROWS

**IT IS GRATIFYING TO LEARN THAT** tourist travel to Victoria this year already has surpassed that of 1926. This is all the more remarkable because a cool and backward Spring was responsible for a much later commencement of the movement than usual.

The important point to be noted in the continual growth of the tourist business in British Columbia as a whole is the fact that, far from getting tired of what we have to offer, people are coming here year after year and assisting us to advertise our attractions in many parts of the world.

Recent visitors to Vancouver Island have been loud in their praises of this community. Many have called at the Publicity Bureau and sung them. These people mean what they say and will tell others.

This year's increased travel to Victoria, incidentally, once again justifies the expenditure of the modest sum which the City Council authorizes for publicity. Maximum service is being rendered at small cost and still larger returns are assured.

### BRITISH SETTLERS

From The Montreal Star

One hundred and fifty-two young Englishmen trained at the Labor Ministry's farms have arrived at Quebec and are now on their way to agricultural employment in the West. Until they were selected for Canadian settlement, they were among the unemployed in England and doubtless faced a depressing future. Now this is all changed. They come to a country where industry is greatly rewarded, where men with no better chances than themselves have risen to lead their provinces. Where farming, the chief source of the country's wealth, cannot be sacrificed to other industries in the way in which it has been in England.

They should be full of hope for the future. But not only they; so also should all Canadians, if this not experiment succeeds. And whether it succeeds or not depends mainly on our organizations and individuals in the West. That the men are the right material we have no reason to doubt. That they have been taught enough to fit them for a start on a Canadian farm goes without saying. They will not shirk their tasks. But they cannot undertake them with any degree of composure if life itself becomes a mere empty struggle. Though, in coming to Canada, they are being given a new start with great promise for the future, it must not be forgotten that they themselves will be sacrificing many of the better things which life has to offer. It is no easy matter for a man who has been brought up in the bright surroundings of human companionship and who is accustomed to the quick exercise of wit, to devote himself suddenly to the exclusive exercise of his muscles and the solemn delight of lonely meditation.

Q.—Who were the Jesuit Fathers?  
A.—The Jesuits are a religious order connected with the Roman Catholic Church. It was founded by Ignatius Loyola in France. The first Jesuit missionaries arrived in Canada in 1611 at Port Royal, Acadia. A mission was later established among the Indians and the "Jesuit Relations" were the annual reports written by them in the seventeenth century.

## CONFEDERATION AND AFTER

### Sixty Years of Progress

### NO 73

**SCIENTIFIC FARMING**  
The personnel of the Central Experimental Farms at Ottawa includes fourteen experts, and the list of their various fields of work includes chemistry, field husbandry, animal husbandry, horticulture, cereals, botany, agricultural bacteriology, apiaries, apiculture, poultry husbandry, tobacco growing, economic fibre production, illustration work and lastly, extension and publicity. These are branch farms and stations in each province and also in Yukon Territory and in the Northwest Territories. There is an experimental farm ranch. Some three or four years ago Dr. J. H. Grisdale, of the Department of Agriculture, presented a paper before the conference in scientific and industrial research, which was a sort of summary of the activities of his department. Speaking of field husbandry he pointed out that they are carrying on experiments in rotations for the purpose of discovering the most satisfactory sequence of crops. On their farms they had between fifty and sixty different crop rotations under experiment; on the same farms they were conducting cultural experiments with a view to determining the best methods of cultivating the soil combined with the most economical production. Merely as an example of what this means, he quoted the fact that at one farm they

had about twenty acres laid off into plots of one-fortieth of an acre each. Fertility experiments are also carried on, the object being to learn on a field scale what applications of manure or fertilizers give the most profitable results. Then there are ensilage experiments to find out what crops can be most successfully used for ensilage in various parts of Canada. The matter of drainage offers one of the most difficult problems connected with agriculture, and investigations are being carried on from one end of the Dominion to the other. The irrigable areas are comparatively limited, but they are all of very great importance indeed, including, as they do, some of the most fertile districts of the country.

There are also land clearing experiments, especially desirable since the opening of the transcontinental line from Quebec to Winnipeg has added a vast area to our available agricultural land. A few of the activities engaged in by the central station are as follows: Production of superior varieties of cereals, wheat, oats, barley, etc., test of all varieties of cereals; isolation of superior varieties by selection; milling and baking tests; cooking tests of peas, beans and cereals; studies in yeast and fermentation; inventing and adapting new machinery for any work connected with the division. Under the heading of health, the Health of Animals Branch and the Experimental Farms Branch are co-operating with a view to studying the best methods of eradicating tuberculosis and preventing or controlling contagious abortion, etc. Under housing, a study is being made of matters affecting ventilation, economy of handling, the general comfort of the animals and of the men looking after them. Under botany is included forest pathology (e.g. investigating the blister rust of white pine); investigations into rust of cereals and other diseases of plants. But a mere glance at the shelves of the library of the Department of Agriculture will give some idea of the magnitude and variety of work being done in connection with scientific farming.

## TEACHERS DISCUSS MORAL QUESTIONS

World's Federation Started By Toronto Clergyman's Statement

Toronto, Aug. 12.—"If teachers are prepared to teach the only type of morality worth while they must also be prepared to be martyrs," was the rather startling statement made by Rev. Dr. S. G. Bland of Toronto in addressing the World's Federation of Educational Associations here yesterday.

An animated discussion on what morals should be taught in the schools and how best to teach them developed. One delegate declared that morals could not be taught by text books. The lives of the teachers were better lessons. Dr. Bland, in concluding the discussion, said: "The children should be taught not merely such negative things as to refrain from robbery and violence but it should query the morality of land speculation and the general conservative policy that tries to make this present anti-Christian system of ours respected as a moral one is like flogging a dead horse or trying to galvanize a dead horse into life."

A national programme of reconstruction, with a very definite national programme of education is going on now all over Mexico, according to declarations of the Under Secretary of Education of that country, Senor Montes Saez, who was on the platform in Convention hall yesterday afternoon at the general session of the World Federation of Educational Associations, and who spoke to this world gathering a few minutes prior to the presentation of the international Herman-Jordan reports.

## Heather Day on Anniversary of Troops' Departure

The Lady Douglas Chapter will again commemorate the departing of the first contingent for the Great War on August 26, 1914. Heather Day will be carried out, as in the past thirteen years, by the sale of heather in the streets on August 26, and final arrangements were made by the chapter at the meeting held on Thursday afternoon at the Alexandra Club.

Mrs. B. B. McEachern was in the chair, and the meeting opened with a standing vote of sympathy with Mrs. Coddington in her recent deep grief and bereavement. The chapter endorsed a resolution brought down from the municipal chapter by Echoes Secretary Mrs. E. C. Hayward, sponsored by Mrs. Alice Thomson, with regard to the I.O.E. calendar. Mrs. Walter Burton very kindly consented again to act as convenor for Heather Day, and a special appeal was made to all members of the chapter to help in the preparing and sale of the heather.

Those willing to sell are asked to telephone Mrs. Walter Burton, 3648-B, between the hours of 6 to 8 p.m., and members are asked to be at the headquarters for the day on Thursday, August 26, to assist in the preparations. Announcement will be made later as to the whereabouts of headquarters.

## TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, AUGUST 12, 1902

The commission appointed by the Dominion Government to inquire into alleged illegal fishing by Indians in the Cowichan and other rivers, resumed at the City Hall yesterday afternoon.

The operator at Carmanah reports a large run of salmon off that point. That the price of salmon will advance in the expectations of every canner on the Coast. One who is prominently identified with the business said this morning that he expected to see quotations advance a dollar a box.

A slight breakdown in her engine room was responsible for the detention of the steamer Umatilla, from San Francisco, yesterday.

**FOUR CHILDREN KILLED**  
Richard, Vt., Aug. 12.—Mr. and Mrs. William St. Onge of Dunken, Que., saw their four children killed late yesterday when the family touring car in which all were returning home was struck by a Canadian Pacific express train at the East Richard grade crossing.

### "KISS IN A TAXI" VARIETY OFFERING FOR REST OF WEEK

Glass factories were recently called upon to work overtime because of the wholesale destruction of tumblers, goblets and wineglasses, not to mention window panes, in Bebe Daniels' newest Paramount picture this week at the Variety Theatre.

In "A Kiss in a Taxi," Miss Daniels takes the part of a French barmaid whose beauty causes every male patron of the place to seek kisses. Each time such an advance is made a

### ACTOR WEARS TIN SUIT IN "WIZARD OF OZ" AT PLAYHOUSE

Oliver Hardy, who plays the Tin Woodman in "The Wizard of Oz," at the Playhouse Theatre this week, has a unique role in this new L. Frank Baum play. Although he is seen as he really is for a few scenes at the beginning of the picture, throughout most of the production he is entirely encased in tin. In this fantastic story, which has been an important part of the reading of every child in the country, the Woodman made entirely of tin from his head to his feet, is brought to life by the Wizard. In this picture version of the story, Mr. Hardy has designed a costume for himself that is exactly as it is described

In the book. This suit, made entirely of heavy tin plate, fastened by bolts at the joints, weighed more than two hundred pounds, and Mr. Hardy required more than three quarters of an hour to adjust it properly. Getting into the suit however, was easier than getting out and it is said that it was necessary to keep a tinmith constantly at the studio to act as valet to Mr. Hardy. The bill includes "A Social Celebrity."

### TWO ANIMALS ACT WITH MAYNARD AT COLUMBIA THEATRE

Those who are fond of animals will get a thrill from "Somewhere in Sonora," the first National feature at the Columbia Theatre this week. Ken Maynard, the star, puts his horse, Tarzan, through a mass of unusual tricks. Tarzan's partner in the picture is Ken's pet dog, who is likewise intelligent and well trained.

### COLLEEN MOORE IN "NAUGHTY BUT NICE" AT CAPITOL THEATRE

Colleen Moore's newest First National starring picture, "Naughty But Nice," at the Capitol Theatre this week, shows the stepping stone to higher success for two persons, one an extra girl and the other the unit's comedy constructor.

### FIGHT PICTURES ON DOMINION BILL AND OTHER FEATURES

"Beware of Widows," the feature starring Laura La Plante which is the current attraction at the Dominion Theatre, is one of those rollicking farce comedies that defies analysis. It is an exceedingly funny production with good acting and a plot brought on by the latest developments in motion picture acting and production methods.

The story is well constructed and each incident has its purpose. Which gives the picture a certain coherence. The coherence of the play should be attributed jointly to Owen Davis, who wrote all the scenes, and to the picture which was adapted, Beatrice Van, who wrote the script, and Wesley Ruggles, who wielded the megaphone.

### Who is Your Skinny Friend, Ethel?

Tell him to take McCoy's Cod Liver Extract Tablets for a couple of months and get enough good healthy flesh on his bones to look like a real man.

Tell him that thousands of thin, puny, peaked, scrawny men all over America have improved their physical health and appearance and bless the day they first heard of these wonderful sugar coated tablets so full of weight producing vitamins.

Ask for McCoy's Cod Liver Extract Tablets, MacFarlane Drug Co., Vancouver Drug Co., Owl Drug Co., and every druggist worthy of the name sells them—30 tablets—30 cents. Any thin man or woman can put on five pounds of healthy flesh in thirty days or your druggist will willingly refund the purchase price.

### HEAVY DEMAND FOR SPACE AT VICTORIA FAIR

Entries For Provincial Exhibition Will Close To-morrow Night

Workmen for the last few weeks have been busy at the fair grounds at the Willows making preparations for the Provincial Fair which opens August 22.

Even with the extensions of building and general rearrangements, so great has been the demand for space by national and local exhibitors that every building will be crowded to capacity with the finest array of exhibits that have ever been displayed on this island.

Entries for the exhibition are to be made at the office, Sayward Block (basement) and will close on Saturday evening, August 18.

### EDUCATIONISTS ASK FOR MORE TEACHING OF SOCCER GAMES

Believe Team Games of Importance in Promoting International Friendship

Toronto, Aug. 12.—Whereas competitive sports by teams, as illustrated by soccer football, which is now played all over the world under uniform rules, duty—thereby promoting the belief in the international soccer association are of increasing importance in bringing the nations of the earth together when true ideals of sportsmanship are adhered to, according to the belief expressed by the Herman-Jordan committee on "international athletic sports," the report of that committee presented to the Federation, this afternoon by Daniel Chas. of New York City, contained the resolution:

"That the teaching of soccer and similar team games and competitions, with emphasis upon the proper standards of conduct and the belief in the international education programme."

The resolution also provided for a study to be made of the scope, objectives and procedure pertaining to international competition and a report to be submitted to the world federation and made available to all interested organizations of whatever nation.

Presented by Dr. F. W. Kuo, of Nan-King, China, the report of the Herman-Jordan report of "Education for peace" recommended among other things: That this committee should publish a directory, periodically revised, listing the names and positions of principal officers of organizations working for international understanding and interested in education for this, should make a comprehensive survey of all the many ways by which organizations are seeking to cultivate world mindedness; should publish and distribute periodic reports and special bulletins regarding new developments in methods of promoting international goodwill; should co-operate with other organizations in the preparation of bibliographies that will inform teachers regarding the literature most helpful to education for international understanding; that this world committee should be provided with the facilities necessary for the immediate commencement of its work, and a number of other recommendations.

### FUNERAL OF NONAGENARIAN

Merrickville, Ont., Aug. 12.—A funeral service was held here yesterday over the body of Henry Merrick, who for years before his death was the sole survivor of Ontario's second Parliament. For a term he was deputy leader of the Conservative Party. In 1887 he was appointed by Sir John A. Macdonald a Canadian immigration commissioner at Belfast, Ireland. In 1894 he became inspector of post offices for the Kingston district, a post he retired from only eight years ago. He was in his ninety-second year when he died.

### CANADA'S BUSINESS OUTLOOK IMPROVES

E. W. Beatty, President of C.P.R., Speaks of Excellent Conditions

Tour of Princes and Premier Baldwin Will Have Constructive Results

Calgary, Aug. 12.—That the general industrial, transportation and agricultural outlook judging from reports from all parts of Canada, was on the whole, excellent and would further improve as the market for Canadian products was widened, was the statement made in the course of an interview here by E. W. Beatty, president of the Canadian Pacific Railway.

"An important factor in the latter condition will be a steadily-increasing population," he said.

"The transportation companies, of course, only reflect the general conditions of the country, and compared with last year, their gross earnings are higher, but increased costs beyond their control have resulted in lower net earnings. The Canadian transportation companies are not yet being paid adequate compensation for the important public services they are, I think, performing," he continued.

### VISIT OF PRINCES

"What are your impressions of the benefits Canada will derive from the consequent visit of the Prince of Wales, Prince George and Premier Baldwin?" Mr. Beatty was asked.

"The benefits Canada will derive cannot be help but be very great and far-reaching," he said. "Canadians are always glad to see Their Royal Highnesses, and to them the Prince of Wales is almost as one of themselves. We are particularly fortunate that on the Diamond Jubilee of Confederation, representatives of the reigning house of Great Britain and the Prime Minister of the country were here to participate in it."

### PREMIER'S TOUR

Mr. Beatty said Premier Baldwin had come to Canada after an absence of thirty-seven years.

"He has given to Canadians a most thoughtful exposition of the conditions in Great Britain and the problems which confront the Mother Country," he said.

"We are bound to gain by his presence and the information he imparts, and he admittedly will take back to Great Britain a very deep appreciation of the potentialities of Canada and its value as the greatest of all British Dominions. Personally, I think the tie of Empire, already strong, is strengthened by visits such as these," he added.

### SALVATION ARMY TO HOLD TAG DAY

Will Appeal For Funds For Social and Rescue Work Saturday

On Saturday, August 13, the Salvation Army is launching a tag day on behalf of its social and rescue work. It is hardly necessary to remind the citizens of Victoria of the splendid work accomplished by the Salvation Army in the healing of broken hearts, the mending of broken lives, the lifting of the fallen and the opening of doors of hope and usefulness for their future.

This work in which the Salvation Army is constantly and successfully engaged, appeals for the practical sympathy and assistance of citizens on Saturday next, and it is confidently expected that a liberal response will be the result.

### Twenty-six Were Executed at Hankow

Kiukiang, Kiangsu Province, China, Aug. 12.—Twenty-six Communist Labor leaders are reported to have been shot at Hankow following the recent establishment of martial law there. Forty-four others were arrested.

### RESCUE WAS MADE

Ottawa, Aug. 12.—News of the rescue of a young woman from drowning in Summit Lake, B.C., by Carl Heidman of Ottawa has been received here. Mr. Heidman, a son of G. Heidman, secretary to Hon. J. H. King, Federal Minister of Soldiers' Civil Re-establishment, is on a survey between Kamloops and Vernon. He is seventeen years old.

### Colwood

Conditions in regard to the two Chinese pigsties in the vicinity of Parsons Bridge, which led to complaints being laid before the directors of the Metcosh Farmers' Institute

were investigated by the inspector of the Provincial Board of Health in company with the president and local directors of the institute. Orders were issued by the inspector for the immediate remedying of conditions.

### PRETTY WEDDING AT MEMORIAL CHURCH

Miss Vesta Evans Married to Frank White Yesterday in Sluggett Church

The Sluggett Memorial Church was the scene of a pretty wedding on Wednesday evening when Rev. J. J. Tupper officiated in marriage of Miss Vesta Evans, eldest daughter of Mr. and Mrs. Arthur Evans of Victoria, and Frank White of Vancouver. An unusual interest attached to the wedding, the bride being the great-granddaughter of the pioneer settler, Mr. John Sluggett, to whose memory the Memorial Church was erected.

Mrs. J. W. Sluggett and the girls of the Gleaner Mission band had tastefully decorated the little church, the prevailing tones being pink and white in Shasta daisies, dahlias and sweet peas. For the ceremony the bride party stood under a large ball of daisies, pink and mauve sweet peas and greenery. Given in marriage by her father, the bride wore a lovely gown of ivory silk crepe and silver lace with rhinestone trimming. The conventional wedding veil of net embroidered in silver thistle and arranged in fan style, held to the head with a circle of orange blossoms and rhinestones. She carried a bouquet of bridal roses, sweet peas and similar with streamers of baby ribbon. The bride's attendants were Miss Ella Lewis of Victoria, and Miss Dorothy Butler of Kelowna, cousin of the bride. Miss Lewis wore a gown of leaf-green broadened silk with shirred panels and girde of georgette in a darker shade.

Miss Dorothy Butler's gown was of pale rose crepe de Chine made in bouffant style over a pink silk slip trimmed in silver and finished with a smart French blue bow at the waist line. Both wore bandeau of silver leaves and carried bouquets of mauve and pink sweet peas and smilax. A bridesmaid, Miss Sylvia Petch in a dress of pink crepe de Chine over blue, with ribbon and rosebud trimming. She wore a bandeau of silver leaves and pink rosebuds and carried a basket of mauve and pink sweet peas and gypsophylla. Mr. Arthur Evans, brother of the bride, was the best man, the ushers were Kenneth Thomson and Laurence Butler, cousins of the bride.

The bridal music was played by Miss Madeleine Sluggett, and during the signing of the register Miss Mabel Humphries of Victoria sang very sweetly, "At Dawning," accompanied by Miss Mary Lewis. Following the ceremony a reception was held at the Anchorage. The bride's mother in a gown of blue crepe de Chine with smart blue hat, assisted the bride couple in receiving the many guests. A buffet supper was served from a table decorated in pink and mauve sweet peas. The beautiful four-tiered cake occupied the center of the table. The large tea-room was prettily decorated with mauve streamers and hanging baskets of ferns, Shasta daisies and pink statice and a white wedding veil.

Mrs. Lorne Thomson and Mrs. Claude Butler presided over the urns, while the bride couple, assisted by the bridesmaids, served the guests. Prominent among the guests were Mr. and Mrs. J. W. Thomson, grandparents of the bride. Two solos, "O Promise Me" and "Because," sung by Miss Mabel Humphries were much enjoyed. The bride couple left on the midnight bus for Vancouver en route to Harrison Hot Springs, where the honeymoon will be spent after which they will take up their residence in Nanaimo. The bride traveled in a costume of blue crepe trimmed in tan with small hat to match.

The groom's gift to the bride was a fitted club bag, to the bridesmaid and bridesmaids were given gift boxes, and the bride gave gift boxes to the bridesmaids. **GORGEOUS GLADIOLI ADMIRER BY MANY**

Splendid Display at Garden Party at Home of Mrs. Higgins Yesterday

More than 300 patronized the gladioli show and garden fete held yesterday at the home of Mrs. Edith L. Higgins, 1114 1/2 St. The display of gladioli was a most successful one, the Bishop O'Grady memorial building, and the fine display of blooms was again on view to-day.

Generously donated by Duncan McTavish and grown at his Brecon Hill Gladioli garden, Lansdowne Road, the spikes made a wonderful display of gorgeous color. They represented 110 varieties, many of them prize-winners, and were greatly admired by the visitors. Mrs. Higgins welcomed the visitors. Delicious afternoon tea was served at tables under the fine old trees. Mrs. Hoey, Mrs. Monahan and Mrs. Hedda having charge, assisted by the Misses Raper, Tobin and Helen Leamy.

Mrs. P. Shandley had charge of the ice cream, and Mrs. Lupton and Mrs. Shandley sold delectable home cooking. The Misses Murray sold their delicious home-made candy. Mrs. Greesh had charge of the fancywork table, and Miss Hattie Newbury and Miss Helmecken sold quantities of beautiful flowers. Charles Owen was at the receipt of custom.

A garden party will be held at the Esquimalt United Church on Wednesday, August 17, opening at 2 p.m. by Mayor Fenwick of Victoria. Among the many attractions will be home-cooking, fancy work, ice cream and candy stalls, fish pond, touch and take and coconut shy. Tea will be served during the afternoon. "Hot dogs" will also be available. Take No. 4 car to Admirals Road.

Miss May M. Reid of New Westminster has been selected from 178 applicants as teacher of Division 2, Cowichan Station School. It was announced to-day by G. H. Fleetwood, secretary.

### ST. MARY'S SCENE OF SMART WEDDING

Rev. John Antle Unites Miss Bruce Gilmer and Dr. C. A. Watson

In the presence of a large congregation, the marriage of Bruce Mackelcan, eldest daughter of Mr. and Mrs. George Gilmer, Goodwin Street, Oak Bay, to Dr. Charles Arthur Watson, only son of Rev. C. E. Watson of Rodborough, Stroud, Gloucestershire, England, was solemnized by Rev. John Antle at St. Mary's Church, Oak Bay, on Wednesday afternoon. The church was beautifully arranged with gladioli and gypsophylla, an arch of flowers forming a pretty setting for the ceremony.

Given in marriage by her father, the bride was lovely in white satin and lace, with long train, and a veil of tulle caught to the hair beneath a circle of white heather. She carried a sheaf of white gladioli and white heather. Miss Rhonda Gilmer, sister of the bride, and Miss Sally Getty were bridesmaids in orchid and apple green French frocks, respectively, with hair to match trimmed with velvet ribbons to tone. They carried pink and mauve sweet peas and gypsophylla. Little Betty Holmes, the flower-girl, was dainty in white georgette trimmed with lace frills and lace French bonnet. She carried a basket of sweetheart roses. Rev. Watson acted as best man, and the ushers were Theodore Hope, Dick Wilson and H. Thurburn.

After the ceremony a reception was held at the home of the bride, Miss Mackelcan, aunt of the groom, assisting Mrs. Gilmer in receiving the many guests.

After a honeymoon at Lake Louise and Banff, Dr. and Mrs. Watson will make their home at Alert Bay, where the bridegroom has charge of the hospital.

**CLUB LUNCHEON TICKETS LIMITED**

Owing to limited accommodation, the tickets for the Canadian Club luncheon at the Empress Hotel on Friday, August 19, in honor of Their Royal Highnesses the Prince of Wales and Princess George, will be limited to 400.

Tickets will be on sale to members of the Canadian Club at Cochrane's Drug Store next Tuesday and Wednesday, from 9 a.m. to 9 p.m. Only members of the club-in-good standing will be able to secure tickets. Because of the expected rush no reservations will be made by telephone, and the members' privilege of bringing a guest has been withdrawn.

On Thursday the sale will be extended to accommodate new applicants for membership in the club. These will be given tickets in the order in which they make application.

On Thursday, also, a limited number of tickets for admission to the palm room of the hotel will be available to members of the Women's Canadian Club at Fletcher's Music Store.

**ARMORIES DANCE FOR PRINCE PROMISES TO BE POPULAR ONE**

The dance to be given at the Armories on Saturday, August 20, promises to be a great success. The affair is given under the auspices of the regimental sergeant-major, warrant officers and sergeants of the 1st Battalion Canadian Scottish Regiment (16th C.E.F.), in conjunction with the Britannia Post, B.C.S.L. Energetic committees are at work and the details are being carefully worked out.

Pipe-Major Wishart will also be present with the Canadian Scottish-Pipe Band, and it is expected that some Scotch reels and Highland flings will be enjoyed.

Tickets are for sale at the following offices: Branson, Brown & Company Limited, R. S. Day & Company, Gillespie, Hart & Todd Limited, and at R. G. Christie & Company Limited.

The tickets will not be transferable, and it is distinctly understood they will not be transferable. Further, ex-service men will have the preference. There will be no tickets sold at the door; all persons, therefore, proposing to attend are requested to purchase tickets early as the demand has already been very considerable.

Invited guests were: Mr. and Mrs. J. Dobbs, Mr. and Mrs. Ellis, Mrs. A. G. Ealey, Miss Marjorie Ealey, Mr. and Mrs. Peas, Arnold Peas, Miss Hutchinson, Mr. and Mrs. B. Jacklin and Mr. and Mrs. R. White.

Mrs. Torquill Burns entertained at a delightful tea and shower at the home of her mother, Mrs. D. B. Holden, Bedford Place, this afternoon, in honor of Miss Lesley Gallie. Mauve and pink flowers of every variety were used in the reception rooms, sweet peas of the same shades forming the lovely decoration of the tea table.

which Mrs. W. A. Gallie and Mrs. Andrew Gray presided. The many dainty gifts were presented to the guest of honor in a large hat box adorned with ribbons shading from rose to peach, and surmounted with a colonial bouquet of flowers in the same shades. The other guests included Mrs. K. Raymer, Mrs. J. Walker, Mrs. Ray Castle, Mrs. James Gray, Mrs. Allan Fraser, Mrs. Jack Gray, Mrs. W. Haldane, Mrs. G. H. Atwood, Mrs. A. de M. Mellin, Mrs. Dugald Gillespie, the Misses Olive Brothour (Seattle), Norma and Helen MacDonald, Iris Burton, Jennie Turner, Helen Forman, Margaret Scott, Mickey and Elaine Gallie, Gladys Irving, Mrs. Carey, Jean McLaren, Miss Marion Wilson (Toronto), and Miss Margaret Brown of Moose Jaw and Miss Evelyn of Spokane and Miss Flora Burns.

Mr. and Mrs. J. L. Peas, 842 Wollaston Street, Esquimalt, entertained on Wednesday evening in honor of Mrs. A. G. Ealey of Point Grey, Vancouver, sister of Mrs. Peas. The evening was spent in music and cards. The winners of the prizes were: First, Mrs. E. A. Jacklin; second, Mrs. E. White; first, Mr. J. Dobbs; second, Mr. B. Jacklin. Songs were rendered by Mr. R. White, Mr. J. Dobbs and Mr. J. L. Peas, with Miss White at the piano. Mrs. J. L. Peas presided at the tea table, assisted by Mrs. R. White and Mrs. H. Ellis. The

**ANOTHER MOTHER REITERATES PROPER METHODS OF DISCIPLINE**

"I have been watching your department hoping to see another letter on discipline," writes Mrs. W. M. H., "and now I see a letter on the subject by a teacher. I have had three children and have always been complimented on their behavior. What pleased me even more was the remark an old lady made to me, who said: 'Your children will certainly love you when they are grown, you are so good to them.' So, as you may say, you can rear them on love and get obedience much more quickly than by being severe. There has been very little corporal punishment in our house, though occasionally it has been necessary."

With my children I love them first. I only say no when I mean it. Long before they are talking, and possibly before they understand a word I explain why they must not do things. I never put a book or magazine out of reach, but if one puts a hand up to touch it I say: 'No' in a voice which even a baby understands."

Just this afternoon a friend presented my three year old with a box of chocolates. It was allowed one piece of hard candy after a meal, or after her glass of milk, of which she is not fond. She hugged her box of choco-

lates all the way home and then said: "I am going to see what is in it." After duly admiring it she put it in the refrigerator and I did not even say, "don't eat any now." After dinner she passed the chocolates around and put them away again.

When my son was a year old he went to visit his grandmother. His grandfather's office is part of the house and is always strewn with papers and most not be disturbed. Nor must the door be shut because of the telephone. "What," questioned grandmother, "will we do about this?"

I took the boy to the door of the office and explained that he must not go in that room. We were there two months and although he would often go to the door, leaning forward to peer all around, he never offered to step inside.

My boy of ten talks to me of things I would never have dared mention to my mother and explained that days magazines and newspapers did not help a mother with her children's problems. If mothers would only realize that spolling their children is not a hindrance for they are more likely spolling life for them.

Don't laugh when your child does something wrong, and say proudly: "He's a regular fellow," for it makes him think he is very clever and he'll do it again."

**Safer Summer Hygiene While Wearing Filmy, Thin Frocks**

By ELLEN J. BUCKLAND Registered Nurse

INSTEAD of risking old-time "sanitary pads," 8 in 10 better-class women employ a NEW way called "Kotex." Filled with Cellulose wadding, the world's super-absorbent, it is 5 times more absorbent. Kotex also deodorizes. It discards easily as tissue—no laundry. Thus, in three important ways, it solves a serious summer problem for women.

More than a mere sanitary pad, Kotex offers safe and certain scientific protection.

Obtain Kotex. For peace-of-mind's sake, accept no other. See that box is a real "Kotex." If it isn't, it is not genuine Kotex.

### IMPRESSIVE SERVICE FOR SAANICH CHIEF

#### Many Officials and Personal Friends at Funeral of Thomas Hastings

Impressive funeral services for the late Thomas Hastings, Chief of the Saanich Police Force, who passed away after a brief illness at the St. Joseph's Hospital, Friday evening, were held yesterday afternoon. The service was held at the Thomson Funeral Home, 1625 Quadra Street, at 2 o'clock, when Rev. W. Leslie Clay, M.A., D.D., pastor of St. Andrew's Presbyterian Church, officiated. The hymn sung was "Jesus, Lover of My Soul," and Robert Morrison sang a solo, "Night There." Lawson Partington presiding at the organ.

There was an unusually large attendance of sympathizing friends. In addition to the many beautiful floral designs on the hearse, a special car had to be used to convey them to the cemetery, bearing testimony to the high esteem in which the late chief was held by his many friends.

Among those present at the service were: Magistrate George Jay, Commissioners Aitken and Stanaland of Victoria, the justice of the peace, police commissioners of Saanich, Col. J. H. McMullin and a detachment of officers and constables of the Provincial Police, Chief John P. MacLean, D.D., sergeant and constables of the Victoria City Police, Chief Syme of Oak Bay Police, Chief John Acreman of the Esquimalt Police, also Assistant Chief Alexander Munroe of the Victoria Fire Department. The Saanich Police Force were in attendance. Constable F. Cawley led the cortege with his motorcycle. Sergeant Allan Rankin, with Constable Brown, escorted the hearse on their motorcycles, and were honorary bearers. Others in attendance were officers and members of Queen's City Chapter No. 5, Victoria Chapter No. 17, Esquimalt Chapter No. 41, Ruth Chapter No. 22 and Oak Bay Chapter No. 42. O.E.S. Officers and members of Victoria-Columbia Lodge No. 1 A.F. and A.M. and visiting brothers turned out in a body to pay their last respects to a departed brother.

At the open grave the Worshipful Master of Victoria-Columbia Lodge No. 1 A.F. and A.M. read the Masonic burial service. The following brothers acted as pallbearers: Brothers D. S. Harris, Brothers W. Craigville, D. S. Cameron, Thomas Heatley, R. E. F. Sewell and Hugh MacLaren. The remains were laid to rest in the Royal Oak Burial Park.

### PEACE IN PACIFIC ADVANCED BY HONOLULU MEET

Sir Frederick Whyte, head of the British delegation, and who was president of the Parliament in India for five years, was impressed by the representations made on the Chinese situation that instead of going back home from Honolulu, he will be staying in the Pacific with the Chinese delegation.

### HEADING OFF DIPLOMACY

"President Wilbur, brother of the U.S. Secretary of the Navy, was head of the conference and there were other such internationally known men there as Sir Arthur Currie and Lionel Curtis from Canada.

"The conference was the first attempt in the area of the Pacific to deal in any large and comprehensive way with the outstanding problems that had to be shaped up before diplomacy could deal with them. Generally diplomatic waits until problems become difficult. Of course, it is the work of diplomacy to solve them when they become difficult. The Honolulu conference dealt with Pacific problems in an effort to clarify them for public opinion and subsequent government action."

### CANADA MAKES GOOD SHOWING

Sir Arthur Currie made a strong impression in speaking before the conference on Canada's aims and ideals in the Pacific. Dr. Shotwell, declared by taking the Canadian point of view, although emphasizing that the Canadian problem was part of the Imperial in the Pacific and that Australia, New Zealand and Canada should strive for a co-ordinated policy.

Dean Brock of the University of British Columbia also was well received by the conference.

### John Robinson Was Executed in London

London, Aug. 12.—John Robinson, thirty-six-year-old clerk, was executed here this morning for the murder of Mrs. Minnie Bonatti, wife of an Italian waiter. He was found guilty on July 13. The case was known as the "Charing Cross trug mystery," the dismembered body having been found in a trunk in the baggage room of the Charing Cross railway station on May 10, a few days after the death. Robinson was traced through descriptions furnished by the station porter and the man who sold the trunk.

### MANSON PRESSES PENSION SCHEME AT PARLEY HERE

#### He and Officials Iron Out Remaining Questions Prior to Inauguration

#### Conference With Federal Solicitor Paves Way For Meeting With Heenan

Determined to give British Columbia old-age pensions without a moment's delay more than is absolutely necessary, Attorney-General Manson called a conference to-day J. D. O'Neill, solicitor of the Federal Department of Labor, and E. S. H. Wynn, chairman of the Workmen's Compensation Board, which will administer the pension scheme in this Province.

HEENAN COMING

To-day's meeting was preliminary to a final conference between Mr. Manson and Hon. Peter Heenan, Federal Minister of Labor, here next Wednesday. It was expected Mr. Manson, Mr. O'Neill and Mr. Wynn would iron out most of the points still to be settled between the Federal and Provincial Governments before they can sign a definite pension agreement. When Mr. Heenan arrives, the pact, it is believed, will be finally approved and put into effect with a minimum of delay.

### MUCH EXCITEMENT ON STOCK EXCHANGE IN NEW YORK

(Continued from page 1)

### MUCH CONFUSION

The break in Manhattan Electrical Supply Company yesterday had aroused fear of similar situations in other pool stocks, and the result was a general excitement on the floor, adding to the general confusion.

RALLIES SEEN

Bureau, after rallying from 51 to 72, fell back to 55 and within a few minutes was back to 51. While the Machine rallied 8 points from its low, A. M. Byers broke 10 points. Pittsburg led off with a 10-point rally, International Harvester and Colorado Fuel sold off 3 1/2 to 4 1/2 points below yesterday's finish. Early gains of 10 to 15 points in Baldwin, General Motors and other leaders were cancelled.

### RAINS IMPROVE FIRE SITUATION

#### Aided by Moisture, Fire Fighters Hope to Quell All Outbreaks Soon

More than twenty-four hours' rain has dampened forest fires on the island of British Columbia as far east as the Coast Range.

To-day a general improvement was reported in the forest fire situation throughout the district. No new outbreaks have occurred and those burning have either been extinguished or are being controlled. Assisted by these favorable atmospheric conditions, all firefighting crews are redoubling their efforts to quell the fires before a dry spell recurs. There has been no reduction as yet in the number of firefighting crews throughout southern British Columbia.

### PREMIER BALDWIN IS HONORED AT CALGARY

#### Prince of Wales Joins in Reception Accorded by Province of Alberta

#### From Calgary British Prime Minister to Travel Eastward on Homeward Journey

Banff Springs, Alta., Aug. 12.—The Prince of Wales and Premier Baldwin are to say goodbye to Calgary to-day after a couple of days in the Rockies. Mr. Baldwin to-day left Banff for Calgary, where he will be received by Lieutenant-Governor Egbert of Alberta. Premier Brown and principal members of the Cabinet and Mayor Osborne of Calgary.

The Prince of Wales, visiting his ranch, is to motor over to Calgary to bid Mr. and Mrs. Baldwin goodbye. The Prince will then return to his ranch Monday, when he and Prince George are to begin their journey to the British Columbia coast, where they are to visit Victoria and Vancouver.

During their stay in the Rockies Mr. and Mrs. Baldwin have been accompanied by E. W. Beatty, president of the Canadian Pacific Railway.

### MAIN IN RANCH REGION

Calgary, Aug. 12.—A shower of rain at the E.P. Ranch at Pekisko kept the Prince of Wales and Prince George indoors this morning.

The Prince of Wales was an early riser, and was much refreshed after a good night's sleep. He is already greatly benefited by his journey, and has expressed his regret that his stay will be so short.

The breeding air of the Alberta foothills is having a splendid effect upon his appetite, and he is enjoying all his plain but wholesome ranch fare like a real old-timer. This also applies to Prince George and all the members of the royal party.

The Prince of Wales had planned an inspection of his livestock and ranch property this forenoon.

At 1 p.m. the Prince of Wales and Prince George will start by motor for the Chinook Jockey Club races, where they are expected to arrive at 2.30 p.m. From there the Princes and their party will proceed by motor to Victoria Park to greet Premier Baldwin at the big official welcome that is being extended to him, which will start shortly after 8 o'clock.

### SAW MOUNTAIN SCENERY

Banff, Alta., Aug. 12.—Crossing the Great Divide, Premier and Mrs. Baldwin yesterday spent three hours in British Columbia and then turned their steps eastward for home.

"I only had eight days to spend in Canada," Premier Baldwin said to a crowd gathered on the station platform at Field, B.C., "and they have been pretty well filled up. I have spent three hours in British Columbia and that is not enough. I want to come again. Three hours are just enough to make me feel I should spend three months here."

For Mr. and Mrs. Baldwin and their party the day was one of an ever-shifting, gorgeous beauty. Ice-capped mountains gleamed and dazzled against the bluest skies. The wondrous country of Lake Louise and of the Victoria Glacier beyond was never more wonderful than when seen from the train. In their day of motoring, Mr. and Mrs. Baldwin saw more of the Rockies between and above Banff and Field than the average tourist probably sees in a week. They turned aside from the regular route to visit beauty spots on the way.

### CRISIS IN THE DAIL IS POSTPONED TILL EARLY NEXT WEEK

(Continued from page 1)

The Republicans are headed by Valera, the National League group has Capt. William Redmond as its leader, and the Laborites are led by Tom Johnson.

Under the Free State constitution a Ministry defeated on a vote cannot call for a dissolution of Parliament, as this must be passed on by a majority of the Dail. If the Congress Government should be defeated, an Opposition coalition could carry on for some time.

### SINN FEINERS

The Sinn Fein Party remains irreconcilable, and its five Deputies will continue to boycott the Dail. The Sinn Fein extreme wing will now be as hostile to Valera as it is to President Cosgrave.

### STATEMENT BY COSGRAVE

President Cosgrave last night issued a statement in which he declared he was glad the Flannery Deputies had taken the oath and assumed their seats in the Dail.

"It is the best thing that has happened to this country in the last five years," he declared.

### NEW WESTMINSTER BY-ELECTION AUGUST 25

(Continued from page 1)

reorganization of the Cabinet, with the inclusion of a New Westminster man, was pending.

Dr. MacLean returned to his office here this morning well satisfied with the prospects in the Fraser River city. The Liberal Government of British Columbia has been shown in his big majority in municipal elections.

### PRIZES NOMINEE

Dr. MacLean opened his remarks last night with a message from Premier Oliver, who had, he said, expressed regret that he could not be present.

Speaking of the standard-bearer, he said Mayor Gray was a man of wide municipal experience. His abilities had been pointed out and commented upon in Government circles.

The main business of any government, the Acting Premier explained, was to balance its budget. This they had done.

### CAPITAL UNFAIR

It had been said by their opponents that the Government taxed capital so that capital would not come into the Province. He asked his hearers to look around at the development of Vancouver and New Westminster during the last few years, the enormous outlays on big stores, the large sums spent along their waterfronts.

The Government had a department of industries that had done more than enough to justify its existence. He said it had loaned large sums to bring about new industries and as a result these industries stood to-day a solid reminder of honest effort.

The Conservatives had said they would reduce the cost of government. There were three ways of effecting this. They could either dismiss civil servants, cut salaries or eliminate departments. Did the Conservatives propose to adopt any of these measures?

### GOVERNMENT DOMINANT

It was a favorite saying of the opposition that the Liberal Government was "on its last legs." He had been in the legislative assembly for eleven sessions, and he had never yet seen the Government that was not on its last legs. There had been three critical divisions last session, he said. In these the Government had come away with majorities of seven, nine and eleven respectively. Where, then, was the weakness?

"This Government can carry on until it chooses to go to the country," he said.

### NO CARNIT RANK

"In talking over the situation with Mayor Gray, beforehand," Dr. MacLean said, "the question of cabinet rank arose. Mr. Gray told me he was Mayor and would not give up his position for a portfolio. He felt he could serve this community best by remaining a private member, and in him I fully believe you will have the best the city has to provide."

Frank Trapp was in the chair.

### ROTARIANS PLAN OLD BOYS WEEK

#### Will Organize For Grand Reunion of Old Victorians For Next Summer

Plans were afoot to-day for an "Old Boys' Reunion" to be held here next July or August. Sponsored by the Victoria Rotary Club, this home-coming celebration will be an affair of some importance, and will likely mean the journeying to this city of several thousand former residents.

James H. Fletcher, president of the Victoria Rotary Club, when questioned regarding the plans for the reunion this morning, asserted that the Chatham home-coming week this year had brought 7,500 visitors to that city, the majority of the "old boys" for the celebration.

The plan of the Rotarians, with Percy E. Abell heading the committee in charge of arrangements, is to organize the service clubs of the city in a vast co-operative movement to work for the fulfillment of the home-coming idea. Railroads and steamship lines will be approached with a view to broadcasting advertisement in this connection, and the word of the reunion Victoria will be placed on the lips of persons in distant parts, will be carried to even the most remote corners of the continent. Particularly will the committee make an effort to bring back the old Victorians who are in California, and throughout the Eastern States of the Union.

It is presumed that special trains will be put on the rails converging to the city for the holding of the reunion, while special steamers will meet the army of "old boys" on the mainland and bring them here.

All manner of entertainment has been suggested to be placed on the programme for the week of festivity which will herald the return of former citizens.

"We do not want to lose touch with all the fellows who have gone away from here," was the sentiment expressed by Rotarians through one of their members to-day. "We want the boys who were born and raised here to remember the place and realize what we who have remained behind have tried to accomplish for her. We want their sympathy, their moral support. We want them to know, too, that we have not forgotten them. Letting it would mean a lot to Victoria to have all those men who at one time made their home here, back for a time—only a little time, even. Some of them might stay."

struments, of motors and adaptability of the craft itself. Irving plans to pilot and plot his course himself.

The planes Oklahoma, Dallas Spirit and City of Peoria were inspected and declared in perfect mechanical condition. They were being prepared for the navigation tests.

### YOUNG WOMAN PASSENGER

The plane Miss Doran, piloted by John Auggy Pedlar of Flint, Mich., and carrying as a passenger Miss Mildred Doran, the "Flying Schoolteacher," of Flint, developed oil line trouble during a test flight, delaying the navigation test. Manley Lawing, San Diego naval air officer, is to navigate this plane.

Martin Jensen of Honolulu, last-minute entry in the race to-day, was having extra gasoline tanks installed in his canary-yellow monoplane Aloha. Jensen had planned to carry forty-eight five-gallon cans of gasoline in the navigator's cabin as a means of supplying the gasoline needed in excess of that contained in his tanks. The flight committee questioned the "can system," with indications that Jensen might not be allowed to enter the race, so he is having extra main tanks installed.

After completing installation of the gasoline tanks, Jensen will have to rig up his radio.

The main business of any government, the Acting Premier explained, was to balance its budget. This they had done.

### RADIO TROUBLE

The plane Woolaroo, flown by Arthur Goebel of Los Angeles, with W. J. Jensen, naval officer of San Diego, navigating, gave trouble when the radio was being installed.

Lieut. Norman A. Goddard of San Diego, designer, builder and pilot of the plane Eleanora, was completing work on his plane to-day.

Captain Erwin put the plane, Spirit of Dallas, into the airport here after taking off from Love Field, Dallas. His failure to make the hop to San Francisco in one jump bars him from the \$25,000 Easterwood prize for a hop from Dallas to Hongkong, with certain non-stop jumps specified.

### LIKE A SEAGULL

The Parkhurst plane, City of Peoria, which made its way from London, Illinois, nosed its way to the landing place here with the ease of a seagull dropping to land.

The fliers expect to reach their 2,400-mile goal, the Island of Aahu, in a minimum time of twenty-two hours. A consolation prize of \$10,000 is to be awarded to the second aviator landing.

### H.R.H. The Prince of Wales

#### Last Sunday?

Last Sunday in Victoria radio listeners heard every word of the Prince's speech on the occasion of the opening of the new Peace Bridge at Buffalo, N.Y. In all probability there will be many other occasions when the Prince will be heard over the radio during his present tour.

Why not be prepared for all the big, important events which are being broadcast? Come to-day and see the new 1928 models.

## Silver Strand Just Misses Giving Fans Biggest Thrill Yet

Lawry Horse Roms Home in Second Place of Last Race to Pay \$47.75

Good Finishes in Second Day's Racing at Colwood and Machines Work Better

Not until Silver Strand came trooping home in second place in the concluding race of yesterday's card at the Colwood race track did the crowd see a big price placed on the board. Silver Strand, checked passed the judges' stand going like a yard of greased lightning, and if the race had been much longer would have caught C. W. Jackson and proved the biggest longshot of the meet.

Silver Strand, with Balentine, started at 42-1, and had little more than a couple of "tuppenny ha'pennies" bet aboard him. The Lawry entry, however, was never worse than fourth after the barrier was sprung, and on swinging into the stretch lay well behind the leaders in third place. Balentine then urged his mount on, and overhauled M. Amigo, puffing along in second place. In a red-hot finish Silver Strand, closed rapidly on C. W. Jackson, but the distance was too short, and he finished half a length behind the leader, who had been in front all the way.

A FANCY PRICE  
Silver Strand was good for \$47.75 for a place ticket of \$2, while show was worth \$16.05. The place money was the tip-top price of the day, and the fans had to wait until the last race for their thrill.

In the other races the favorites found things much more to their liking than they did on opening day. The light show made the track a little better, but the horses ran pretty close to form at that.

The totalisator worked much better. There was no hitch in the mechanism, and the bettors had lots of time to place their money. On Wednesday the bell shut off many fans who would like to have made a bet, and a lot of them shook hands with their money afterwards, for it was an outsider's day.

Some rattling good finishes were seen yesterday, and the fan thrills to their spines. The fourth race in particular had them groggy for a few minutes, and some of them fancy the verdict went the wrong way. Fleet of the Oak Bay stable, got off to a flying start, and made the other ponies chase him hard. As they thundered up to the wire Vineyard found a burst of speed and Fleet was all but caught as they dashed past the post. Fredrick, Judge Roberts announced Fleet as the winner by a nose, and there was a mild protest by those who had their shekels on Vineyard. Southern Gentleman would have caught both the leaders in another couple of strides.

EVENING STAR REPEATS  
Following his spectacular success of yesterday, when he paid the high price of \$49.75, the public had more confidence in Evening Star, and as one of the favorites, he was ridden hard to a win in the first race. Immediately after the break, Jockey Balentine got the nose of his mount down in front and held it there throughout the race. Stanford, an outsider, made a bold bid for the honors at the finish, but failed by two lengths, getting second place. "Person" showed a burst of speed during the early running, but slowed up badly toward the finish.

Urged to his utmost as he neared the wire, Herbert, who failed to go a better third than on Wednesday, was able to catch the judge's eye first in the second center. Outgunning Bob Kay as the latter faltered in his last few strides, Herbert, with Palace up, rewarded his backers with \$10.15 for a \$2 straight ticket. After a burst of speed at the half, Freda Kripp found the six furlongs too great a distance and dropped back to sixth place at the finish. Frederick, piloting Amazon Maid, was unable to keep his mount straight after she had taken first place at the last turn, and third place was his, but he could get. Jago, the favorite, was always behind the leaders, taking fourth position.

TATTERS HEATEN  
Galloping all out for the third race, when he was five furlongs, Freda Kripp, ridden by Harris, proved a good winner. Tatters, the well-favored local horse, kept on the tail of the leader throughout the race, but was a length behind him at the finish. After showing speed after the start, Lux failed to keep up to the pacemakers, and ended up in fourth place, half a length behind Shasta Grassy, who was piloted to third place by Bell.

LEAD ALL THE WAY  
Jumping to the front from the break, Ping Pong, who has coupled with Dolly Day as the Owen entry in the fifth race, staved off the challenge of Kingmaker and passed him a winner. Greenwood, riding Kingmaker, brought his mount up rapidly in the stretch and would have caught the winner in a short distance.

Dolly Day ran a second to her stablemate for a considerable distance but was beaten out of the money in the stretch when the other horses closed with a rush. She got a sixth place. The Western Stable entry, York Belle and Royal Irish, were unable to make a showing, although the former made a short distance.

Judging the pace well, Harris brought his mount, Spire, to the front halfway up the stretch to get the honors in the sixth race. Cavalier, II, a strong favorite, got an inside break and maintained a good lead until the winner caught him. Ace O' Clubs, a 19 to 1 shot, scored the form picture during the early running when he chased the leader for three furlongs. He threw badly in the stretch finding the distance too great and dropped to seventh place at the finish. Sam

## GEARY'S SIR TOM TOO FAST AND HE WINS COAST TITLE

Santa Barbara, Calif., Aug. 12.—Geary's Sir Tom, 3-year-old, Seattle, won the 1000-yard championship of the Pacific Coast here yesterday by winning the third race of the series. He was second in the first race, and won the last two of the series, and is expected to take away the San Diego Lipton Cup when the sloops start their final race of the Pacific championship regatta today. Owen Churchill's new sloop, Friendship, and Tommy Lee's sloop, both of Los Angeles, are tied for second honors for the championship. The Friendship finished second today with the Pirate coming in third.

The Sir Tom sailed the 10-mile course in 27 minutes and 27 seconds to win yesterday's race. The Friendship finished less than a minute later and the Pirate placed close in the wake of Churchill's boat.

Joe Jessop's Winward, of San Diego, made a clean sweep of the Star Series, winning yesterday's race and the Pacific Coast championship.

## Pirates' August Jinx Appears And Fans Are Anxious

Cuyler Incident Recalls Troubles in Past Years When Flag Seemed Assured

Pittsburgh, Aug. 12.—The uproar created by the tarring and benching of Haasen Cuyler, fleet outsider, in the midst of a close pennant fight, has recalled to Pirate baseball fans that during the last half-dozen years the month of August has always appeared to carry a persistent and damaging "jinx" for the Pittsburgh club.

A constant pennant contender throughout that period, the Pittsburgh entry in the National League has failed each year in Midsummer for one reason or another with the exception of 1925, when they won the world's championship.

It was in August of 1921 that the Buccaneers invaded New York with a lead of seven and a half games, only to drop the straight to the Giants and begin a slump that cost Pittsburgh the flag. In the same month last year the Pirate brig was wrecked by internal dissension over the presence of Fred Clarke in the lineup.

The August of 1927 produced the Cuyler incident. Originally involving a \$50 fine imposed against the star granger for poor base running, the affair has stirred Pirate fans to the extent that Cuyler has been mentioned as being in the next year's baseball deal. Meanwhile, Pirate officials have insisted the incident has been greatly magnified by fans and that Cuyler was fined not so much as a punishment for him as an individual but as a warning to the entire team.

Lorch, the field entry with Fair Fanny squeaked into third place, three-quarters of a length ahead of Daytime, to pay \$6.60 for a show ticket.

Putting a fine ultimatum to a really interesting Silver Strand's showing in the last race brought forth a burst of applause. C. W. Jackson, third favorite, had the lead throughout the race, but the Silver Strand nearly upset things completely when he closed with a whirlwind rush. Ben Valet, the favorite, and Malvern, second choice, were both unable to get to the front.

The results were: First race—Claiming; purse \$500; three-year-olds and up; six furlongs: 1. Herbert, Palsey, \$10.15, \$5.30, \$3.70; 2. Bob Hoy, Balentine, \$5, \$2.75; 3. Amazon Maid, Frederick, \$6.35. Also ran: Lawn Mower, Chevrolet, Kate Callahan, H. J. O'Neil, Sun, Jago, King, Scratched: Chas. Leftwich, Time, 1:15.

## Spanish Menace To Heavyweight Title Is Brushed Aside

Paulino Battered With Everything But a Mule's Kick, But Stays on His Feet

Delaney Wins on Foul in Bout as Unsatisfactory as Dempsey-Sharkey Go

New York, Aug. 12.—The Spanish menace to the American heavyweight supremacy had drifted over the Atlantic horizon to-day, temporarily at least, on the wings of an unsatisfactory and disputed battle as the Dempsey-Sharkey fight.

Founded but not greatly damaged by every clout known to fistcraft, the title challenger of Paulino, "Wood-chopper of the Pyrenees," faded when the French-Canadian Jack Delaney's right hand was lifted in victory on a foul after one minute and fifty-seven seconds of fighting in the seventh round of a fifteen-round fight at the Yankee Stadium last night.

While the fracas lasted there was no question of superiority. Returning to heavyweight ranks six months after his defeat by Jimmy Maloney, Delaney appeared much faster and appeared the clumsy Paulino at will with either hand, but his face and bruised his nose until the features were a mass of blood. But, hard and straight as the punches, Paulino refused to go down or waver.

PAULINO TOO STRONG  
Weighing sixteen pounds less than the Spaniard, Delaney at 17½ was little over the weight limit of the light heavyweight division, where he ruled as champion before relinquishing the title to cast his net among the heavyweights and despite Delaney's sharp-shooting ability with both hands and the ease with which Paulino could be hit, the left nuncio to bring the big man down was lacking.

There was little to thrill the spectators in the six rounds preceding the unsatisfactory ending. It was a case of Delaney, artistic boxer and master of ring arts, matching all his skill against a powerful but clumsy opponent, who had little but a sweeping left hook and elbow defence in his left repertoire.

Occasionally Paulino caught the tail, or surprised him with a sweeping random shot to the head. But the toll he paid was heavy in ripping jolts, jabs and uppercuts. As the close Paulino's nose, mouth and left eye were bleeding freely.

WARNED, THEN BANNED  
Half-way through the final session, Referee Crowley pulled the Spaniard back to warn him that his fists were sinking below the waistline. There was a clench to the chest and the sudden warning of Paulino to his corner.

Sitting in his corner Delaney displayed no sign of injury. Nor had the picturesque French-Canadian complained of any hurt in actual battle. The referee explained that Paulino had been warned three times and that there was nothing to do but end the battle when the Spaniard again transgressed.

FANS WERE WILD  
So dissatisfied did a big share of the crowd appear that fully 6,000 swarmed onto the ring, and after the referee's verdict while Paulino, to show his annoyance, somersaulted and performed a series of acrobatic stunts as straw hats were thrown into the ring.

While perhaps not quite so heated—perhaps because less was involved—newspaper opinion at the ringside was mainly of the opinion that Paulino had been warned three times and that there was nothing to do but end the battle when the Spaniard again transgressed.

Referee Crowley, however, declared that Paulino had no right to return after the referee's warning. He said that Paulino had failed to obey his warnings to "keep 'em up." Pete Reilly, Delaney's manager, to support the referee's decision, showed newspapermen a Spanish article boxing lesson and a Dempsey-Sharkey fight. A majority of the critics, apparently, while believing that Paulino had technically transgressed the rules, did not regard the infractions as serious enough for disqualification.

Referee Crowley, however, declared that Paulino had no right to return after the referee's warning. He said that Paulino had failed to obey his warnings to "keep 'em up." Pete Reilly, Delaney's manager, to support the referee's decision, showed newspapermen a Spanish article boxing lesson and a Dempsey-Sharkey fight. A majority of the critics, apparently, while believing that Paulino had technically transgressed the rules, did not regard the infractions as serious enough for disqualification.

## STRIVING FOR HOMERUN HONORS

On the left is Lou Gehrig, first baseman of the New York Yankees, and with him is Babe Ruth, right fielder of the Yankees, who for a number of years has been known as the Bambino. Ruth's supremacy this year is threatened by his pupil, Gehrig, who has thirty-nine home runs to his credit, two more than Ruth. Gehrig is proving a wonderful ball player, for, besides his home run ability, he leads the American League in hitting and is a brilliant fielder.

## Tilden Drops Three Games In Defeating Brugnon Of France

American Ace in Great Form In Turning Back French Threat With Ease

Southampton, N.Y., Aug. 12.—William T. Tilden II, defeated Jacques Brugnon of France, 6-2, 6-1, 6-0 in the semi-finals of the Meadow Club's annual invitation tournament to-day.

New York, Aug. 12.—Two Americans and two Frenchmen went their way to the semi-final in the Meadow Club invitation tennis tournament yesterday, assuring a franco-American semi-final round to-day with probability of a battle between William T. Tilden II, United States and Rene Lacoste of France in the final round Saturday.

The winners, besides Tilden and the Frenchman who has beaten him twice within a year, were George Lott, sensational young Chicago player, and Jacques Brugnon, who, with his countryman, Jean Borotra, holds the Davis Cup matches. Tilden decided, however, that he "probably will go through with it."

His victory yesterday was won, 6-4, 6-2, over William Allison of Port Austin, Texas, intercollegiate champion. Lacoste defeated Dr. Carl Fisher of Philadelphia, winner intercollegiate champion, by 6-2, 7-5.

Brugnon defeated Lewis N. White of Austin, Texas, 6 in the national Olympic trials, and Francis T. Paulino, who has not been heard of since he was a contender for the "Big Bill" in defence of the Davis Cup, and the referee's decision, showed newspapermen a Spanish article boxing lesson and a Dempsey-Sharkey fight. A majority of the critics, apparently, while believing that Paulino had technically transgressed the rules, did not regard the infractions as serious enough for disqualification.

## Shooting Of Local Marksmen Features Close Of Fine Meet

Esquimalt Headquarters Team Shoots Brilliantly at Toronto; Burke Does Well

Toronto, Aug. 12.—The fifty-third annual meeting of the Canadian Rifle Association, which closed at the Long Beach rifle range yesterday afternoon, was one of the most successful meetings the association has ever held. The Governor-General's Foot Guards of Ottawa gave a very successful week, winning no fewer than three team prizes.

Lieut. Desmond Burke of the G.G.F.G. took the gold medal in the presidential aggregate and was second in the All-Comers aggregate. The winner of the All-Comers aggregate was Capt. J. B. Hunter, Ninety-first Hamilton Regiment.

The brilliant shooting of the permanent forces' team from Esquimalt, B.C., in the Macdonald Brier team match, the team of four men dropped only twenty-two points in 400 to win the match.

The famous skirmishing match for the Esquimalt Cup was won by the Queen's Own Rifles of Toronto from five other regimental teams.

TORONTO MAN WINS  
The Lieutenant-Governor's match, the most important of the meeting, was won by Corp. E. G. Block of the Royal Canadian Mounted Police. He had a score of 65 in the first stage on Tuesday and got a possible at 800 yards in the second stage yesterday.

Following are the scores in the Macdonald Brier match, returned by the ten leading teams: H.Q. Esquimalt Regiment, 308; 378; 8125; Queen's Own Rifles, Toronto, 377; 8100; G.O.F.A., "A," 377; 8100; P.L. (A and B), 377; 8100; "B," Ottawa, 369; 800; Wellington Rifles, Guelph, 361; 800; Irish Regiment, Toronto, 350, 815.

The winning British Columbia team put up an excellent shoot. Sergt. H. Borland of the Royal Canadian Engineers led the team with a 40 at the 300 and a possible at 600. C.S.M. W. E. Wood of the P.C.C.I. was next with a 48 at 300 and a possible at 600. Master Gunner Collings of the Royal Canadian Artillery had a 91 for the two ranges with the only member of the team, Pte. E. H. Shroobree of the Royal Canadian Ordnance Corps, had a score of 90.

## Cubs and Yankees In World's Series Critics Now Opine

Second Time in History New York and Chicago Clubs Have Reached This Goal

Root Pitches His 21st Victory of Season; St. Louis Still Making a Bid

While the Cubs appeared to be serenely lodged on the National League pinnacle to-day by a margin of 4½ games, the pennant path was by no means smooth, for ahead loomed the triple threat of the Pittsburgh Pirates, St. Louis Cardinals and New York Giants.

The Cardinals defeated the second place Pirates yesterday, 2-1, the veteran Alexander getting the breaks in a hurling duel with Aldridge.

Pittsburgh's current series at St. Louis figures as "crucial" for both clubs as the world champions had an opportunity to go into a tie for the runner-up honors by coming out in front of the Pirates again to-day.

Just what effect the benching of Cuyler will have on the Pirates will depend on developments. Reports that Pittsburgh was getting ready to swap or sell Cuyler were declared to be unfounded as was a report that Max Carey would leave the Robins at the close of the season to return to the Pirates.

ROOT WINS ANOTHER  
Charlie Root turned in his twenty-first victory of the year as the Cubs shut out the Cincinnati Reds 2-0. Heathcote's triple with two on in the third proved to be the downfall of Luque, who allowed only five hits.

Present indications are that the Cubs will be pitted in the world's series with the Yankees and, if they do, it will make the second time in baseball history that New York and Chicago clubs battled for a world championship together. The "White Sox" fought it out with the Giants in 1917, taking four out of five games.

The Yankees went eleven innings before yielding to the Washington Senators by 3-2 when Koenig tossed the game away. In relieving a ball from Ruth, Koenig made a wild throw into the grandstand and Judge walked in with the deciding run.

After the Philadelphia Athletics shut out the Boston Red Sox in the opening of the double-header by four to nothing, Boston, behind Pitter Hall, blanked Philadelphia 2-0 in the second game.

White Sox 2-1 in a ten-inning affair. Miller was victorious over Thomas, both allowing 7 hits.

Gibson held the St. Louis Browns to seven hits, while Detroit made a six-to-two decision. McManus got three hits, including a double.

## CRICKET LEADERS MEET ALBIONS ON MT. TOLMIE PITCH

With the teams now playing in the last third of the schedule the race for honors in the Victoria and District Cricket League is keen. Three games will be played to-morrow afternoon with the Inco meeting the Albions at Mount Tolmie; Victoria playing the Garrison at the Jubilee grounds and the Five C's journey to Cowichan. The Two C's hold a bye.

With the return of Wenman and Sparks the Inco, leaders of the league who suffered defeat last week, are looking forward to better things to-morrow. The following will represent the Five C's: C. E. Quainton (captain), E. H. Quainton, J. Wilson, C. E. M. Thomson, Fitterbach, Filler, Galt, Muncy, Hurn, Attwell, Payne.

## Scottish Soccer Fans Thrill Over To-morrow's Games

Opening of Football Season Reminds Scots That Summer Is on Wane Once Again

Glasgow, Aug. 12.—(Canadian Press Cable)—The advent of the soccer season is a rude reminder that the summer—what there has been of it in this country—is nearly over and that the autumn is rapidly approaching. The great football code will swing into action once more tomorrow, when the 1927-28 season opens. The English league will not get going for another two weeks, the Scottish season usually preceding it by that length of time.

To-morrow there will be several interesting games, although regional contests have been reduced to a minimum. In the metropolitan city only two clubs are playing at home, the champion Celtic entertaining their fellow Irishmen, the Edinburgh Hibernians, at Celtic Park, and Rangers being at home to their near neighbors, Queen's Park. The Rangers are scheduled to travel to Pittodrie Park to encounter the Aberdeen team.

With regard to the capital city teams, Hibernians, as stated, are engaged here, while the Heart of Midlothian are hosts to Kilmarnock at Tynecastle.

WATCH CLUBS MOVING UP  
Considerable interest surrounds the contest at Bonness, where last season's second division champions will be seen in senior company for the first time. Pitching tallies fairly. Raith Rovers, who were promoted after spending one season in the lower string, are the guests of the Airdrians.

In the second division, last season's "demotes," Greenock Morton and Dundee United, are engaged away and at home, respectively. The United enter with a bye at Tannadice and Morton being the guests of Arbroath.

Nithsdale Wanderers have been dropped from the second string and Aberdeen, who will play on their own ground against King's Park.

Capt. Roberts Heads Macaulay Golf Club  
Capt. H. L. Roberts is the new president of the Macaulay Golf Club. Reports presented at the annual meeting showed the club to be in a very favorable position, the membership being at a higher mark than ever before. The officers elected for the year are as follows:

President, Capt. H. L. Roberts; vice-president, W. B. Christopher; club captain, D. Fyvie; committee, J. G. Smart, Major A. A. Warden, D. A. Matthew, G. Jones, J. Clark and J. Burns.

## Caddies' Tourney at Colwood To-morrow

The annual caddies' tournament of the Colwood Golf Club will be held to-morrow according to an announcement made this morning by the secretary, W. Parry. A large number of entries is expected.

## Rain Halts Ball Game

Vancouver, Aug. 12.—Rain caused postponement last evening of the game between Preman and Collingwood in the City Baseball Championship series.

## Sons Earn Right To Meet Travelers By Win Over Eagles

Teams Decide to End Their Two-game Series With Sunday-death Fixture

Sons Will Play Travelers on Monday For City Title

By defeating the Eagles 9-3 last night at the Royal Athletic Park the Sons of Canada earned the right to meet the Travelers on Monday in a sudden-death game for the Victoria Senior Amateur Baseball League championship. The winner of this game will take possession of the Poodle Dog Cup and represent Victoria in the play-offs for the B.C. title.

The Eagles and Sons decided to let last night's game end the dispute between them when it was found that neither team could field a club on Saturday afternoon. The Sons were supposed to play two games and by winning either of them the Eagles could have put the Sons out of business. As a result of last night's game, the Eagles are out and the Sons in.

Ray Parfitt, who pitched for the Sons, allowed seven hits while he struck out ten. Baker, on the mound for the lodgemen, allowed twelve hits and struck out four.

EAGLES OPEN SCORING  
The Eagles obtained a one-run lead in the first inning. Rex was called safe on Dunn's error when scoring. The Sons' error was a sacrifice. The winner of this game will take possession of the Poodle Dog Cup and represent Victoria in the play-offs for the B.C. title.

The Eagles attempted a rally in the fifth inning but were only able to score one run across when Rex, the first man to bat, poked out a home run. "Hap" Gandy and Baker followed with singles, but both runners died on the base.

Three more runs in the seventh inning sewed up the game for the Sons. Dunn hit a two-bagger and scored on Newman's single. Bill More singled. Both men scored on Ray Parfitt's triple to right field, but Ray was caught at the plate attempting to stretch the hit into a home run.

Last night's box score follows:

## Tillicums to Meet Spencers To-night At Royal Athletic

In order to remain in the lead in the series for Red's trophy the Tillicums must come through with a victory in their game with Spencer's to-night at the Royal Athletic.

The other Commercial League ball teams, the Crescents and Sidney, will meet at Sidney.

Both games will start at 8:30 o'clock. Pete Campbell, the Tillicums' star left-hander, will do the pitching for them while Peppin will work for Spencer's.

At Sidney Mummery will be on the mound for the Tillicums, with Williams pitching for the millmen.

Golf Match is Off  
The inter-club team match between the Colwood and Macaulay Point Golf Clubs set for August 14 has been postponed indefinitely.

TO-DAYLast Minute News on Stocks

Wall Street Journal's Review of To-day's Stock Market Over B.C. Bond Corporation's Direct Wall Street Leased Wire to The Victoria Times

New York, Aug. 12.—To-day's market broke in a manner reminiscent of the dramatic decline of March, 1925. Recalling that the drop in Devereux and Reynolds at the time was quickly followed by collapses in Foundation Co., American Brakehoe and other pool stocks, the bear crowd made a severe drive designed to bring about a similar sequel to Thursday's break in Manhattan Electrical Supply.

They concentrated heavy pressure on Eureka Vacuum Cleaner, White Sewing Machine and Houston Oil. Sharp breaks in these shares started demoralized selling in many sections of the list, which steadily gathered momentum as the session broadened. Weakness which resulted in the standard shares exercised a depressing influence on special issues. Traders long of stocks threw their holdings overboard.

This panicky liquidation caused wide open breaks in stocks with a thin market, such as Air Reduction, Commercial Solvents, Union Carbide, General Railway Signal, Eastman Kodak, Byers, Atlantic Refining and DuPont.

Reports were in circulation that the same interests were in Eureka Vacuum Cleaner as in Manhattan Electrical Supply. These rumors were denied by a stock exchange house which has been actively associated with the market in Eureka. This firm said Eureka was sponsored by a strong group, which was well able to protect the stock.

Reports were current that Electric Refrigeration planned to sell 125,000 shares additional stock at \$15 a share. It is understood that this offering has already been underwritten.

Vanadium displayed its greatest activity of several months, pushing into new high ground. The price of the metal reflected the belief that the present \$4 dividend may be increased to a \$4 rate in October.

Further increase in local brokerage loans during the week amounted to 10 made the total \$471,997.00 higher than a year ago. However, no nervousness was created by this factor in view of the falling-off in Federal reserve redemptions to a level \$135,000,000 below 1926.

Time money against stock exchange collateral is quiet and in good supply. Money for sixty days, 4 per cent; ninety days, 4 to 4 1/4 per cent.

# SNARED

A Story of One Wonderful Week  
By MALCOLM DUART  
Copyright 1927

"He's not my husband," announced the girl, recovering her voice.

The deputy put his hand over his mouth and looked askance at his followers. Nedine stamped her foot.

"You needn't look that way," she cried. "You haven't any right to look that way! We're here in this house because—"

"Well, because why?" inquired the officer, as she fumbled for an explanation.

"We were taken prisoners here," she said, at last.

"Ha! ha!" returned the leader of the posse, much amused.

"Ha!" called Pierce from the other room. "Quit dithering Miss Rollins, will you? She's telling the truth."

The posse trailed into the bedroom, profoundly interested in the situation and grouped itself around the prostrate youth.

Pierce spoke with difficulty through his bulging lips, but his words were clear enough. "There's no scandal about this at all," he said. "Miss Rollins came here to see the place. It belonged to her grandmother. And some fellows were here, and they kidnapped her."

"What for?" asked the chief deputy, a lively doubt in his tone and in his eyes.

"So she couldn't go back to Chicago and tell that they were here. Then I came looking for her, and they nabbed me."

The man whistled. "Say, you must have had a houseful, with that wild woman—Mrs. Brown, and young Smith—"

Pierce stared at him, bewildered. "How'd you know about Smith?"

The deputy gave him an elaborate wink, and smiled complacently. "That boy's where he won't bang any more people on the head. We caught him this morning in a haymow—farmer telephoned into the office."

Nedine had heard this news, and she ran into the room. "Did you catch Smith?" she cried.

"Stick as a whistle," said he. "We'd been gunning for another fellow—he eyed me. Maybe you know who I mean. Maybe you don't. I'll not mention any names, but when the telephone message came we thought it might be the man we were after, and we started out hell bent for election. And here it was this kid Smith, we've been looking for off and on for six weeks!"

"Where is he now?" asked Pierce.

"Locked in a woodshed with a fellow standing guard over him, until we're ready to take him back. And that ain't all. He laughed, with satisfaction. The kid told us to rout around here and maybe we'd find the fellow who did the killing."

"The miserable young pup!" Pierce blurted.

"Oh, ho! This other guy's a friend of your's, eh?" The deputy stepped closer to the bed. "Let's see if you're as badly hurt as you say you are."

No three had asked, Pierce's clothes were torn and dirty. Blood from his abraded knees had soaked his trousers. The deputy felt of the injured arm.

"Arm's broken, all right," said the officer, nodding. "From the looks of your face and all, I guess you've had a beating. Who jumped on to you?"

"Her son!" The deputy drew a chair to him and dropped upon it with a bump. "Say that again, sister!"

"I didn't mean to say it," wailed the girl. "It was a mistake!"

"Tut! Go ahead and explain the mistake," he commanded.

Pierce drew himself higher in the bed, so he could lean against the headboard. "It can't be helped now. So she's Smith's mother, is she? Boy, this is a field day we're having! Caught those two crooks; caught young Smith; found you two people—say! His brown coat's contracted. It sounds risky to how you folks were kept as prisoners here. How come you act so friendly toward Bodey, and all?"

"We are his friends," Pierce said. "We never saw him before we came here, but we like him."

"So that's it! Hum!" The deputy arose. "It's mighty queer that two people from good families would be mixing up with murderers. We'll have to hold you for a while, until this is cleared up."

Nedine gave a plaintive cry. "Are we arrested?"

"Why no, not exactly," said the man. "Master of fact, you can stay here until we get back. You've got to stay here. We can't take you along. And this Pierce—he won't do much running away, likely."

"I'll say I won't," agreed the youth. "We'll be back before the day's over," continued the officer, rising. "We've got to hustle along. Those two crooks are locked in the old dance hall, with a man guarding 'em, and Smith's at the farmer's—we've got to pick them them up, and we've got to look for Stewart Bodey—didn't mention to mention his name, but I see you both know who we're after."

"Mr. Pierce ought to have a doctor," ventured Nedine.

"Yep—his arm's got to be set. We'll take you both into town, soon as we do a little more work. We've got to get a couple of other machines, too. So long!" As he started away, followed by the others, he turned for a last warning. "Don't you run away, young lady!"

"I won't," she promised. "I couldn't leave Mr. Pierce alone."

Pierce sank back with a sigh as the men went out the door.

"Gee!" he said, "you're certainly spilling the beans!"

"About Mrs. Smith, you mean?"

"And everybody. We're in it up to our necks for complicity or something. My uncle's a lawyer, and I've heard a lot about such things."

The girl wilted into the chair upon which the deputy had rested. "Will we all have to go to jail?"

"I suppose so," he said, gloomily. "Bodey will, too—our Bodey. We all helped hide young Smith and Elia. Bodey, and Mrs. Smith lied to the officers and she'll be sent up, and—His voice was lost in dark forebodings. To be continued."

**Uncle Wiggily and the Cricket**

By HOWARD E. GARIS

While Uncle Wiggily was hopping along a path in the woods one day with Baby Bunty, the little orphan rabbit girl, suddenly dropped the flowers she had been picking and cried:

"Oh, Uncle Wig! Look at this!"

"What is it?" inquired Mr. Longears. "Have you found a new sort of blossom?"

"No, but I have found a black grasshopper," shouted Bunty. "Oh, what a naughty little grasshopper boy he must be, never to have washed! All black! Pie for shame!" and Bunty pointed one paw at something on the ground. Uncle Wiggily hopped over beside her.

"That isn't a black grasshopper," said the rabbit gentleman with a laugh. "Oh, Bunty, how funny you are!"

"What is it then?" she asked.

"It is a cricket and crickets are always black—at least I never saw any who were not," answered Uncle Wiggily.

"Oh, well, if it's all right for him to be black, never mind then, and I'm sorry I laughed at him and thought he was a black grasshopper," said Bunty, picking up her flowers.

"Pray do not mention it," chirped the cricket in a sad, discontented and doleful voice. "I certainly jump around like a grasshopper, though I am not big enough to be one."

"No, I see you aren't," admitted Bunty. "Some grasshoppers came to Uncle Wiggily's bungalow yesterday and brought sugar for a cake," went on Bunty. "Well, I am glad to meet you, Mr. Cricket!"

## SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters receive asking about it." — Mrs. WILLIAM RITCHIE, Box 488, Melfort, Saskatchewan.

## Kelowna Regatta is Halted by a Blow-up

Kelowna, B.C., Aug. 12.—Jupiter Pius, backed with strong winds, paddled an unwelcome appearance into the latter part of yesterday's programme and halted the major event when the final heat for the McLaren Cup for double sculls, between Vancouver and Kelowna, was cancelled, and the steady downpour that followed postponed the balance of the two days' programme which had almost concluded the twenty-first annual Okanagan regatta.

Kelowna garnered the main sculling event of the meet by winning the senior four from Vernon and Vancouver in 6:55, and were placed in the finals of the doubles by a victory over one of the Coast entries. The ladies' fours for the Nicol trophy was a close fight between two local crews. The winners were Winnie Day, stroke; Amy Rowley, two; Winnie Roberts, three; M. Kincaid, bow, the opposing crew being stroked by Mrs. E. G. M. Wilson.

Johnny Bayley was the shining light in the swimming events, his main victory being the B.C. championship for the mile swim although he was closely pressed by seventeen-year-old Henry Murdoch, last year's local champion. Time, 28:35.

Bayley also captured the four-style 120-yard swim fifty yards back stroke and nosed out young Murdoch in a near dead heat in the 300-yards swim, free style.

## FORKE SAYS MORE SETTLERS MIGRATING

Federal Minister Found Growing Interest in Europe in Opportunities in Canada

Ottawa, Aug. 12.—Throughout the British Isles and the Scandinavian countries there is evidence of keen interest in Canada and the opportunities the Dominion offers to desirable settlers, according to Hon. Robert Forke, Minister of Immigration and Colonization, who has just returned from a tour of those countries.

Mr. Forke's most important business was with the Overseas Settlement department, that branch of the British Government directly responsible for the administration of the Empire Settlement Act. Several schemes were negotiated and particulars of two of these already have been published, the Boys' Settlement agreement which provides for the co-operation of Provincial Governments and which also involves an expenditure of \$5,000,000, covering a period of ten years, and a scheme providing for the settlement of 500 British families in the Province of New Brunswick within the next six years.

The details of the other schemes are not being made public pending ratification by the provincial governments concerned.

**SAW FARM WORK**  
Mr. Forke also visited the British Government's training farm at Claydon, Suffolk, and was impressed, not only by the keen interest taken by

those undergoing training, but also by the efficient methods adopted by those in charge of the farm. The course of training comprises the handling of horses, the operation of various agricultural machines, clearing of land and dairy work. At this training farm at Claydon, Yorkshire, he saw ex-soldiers being trained for farming in the different Dominions.

From Britain the Minister went to Antwerp, where he saw the new methods adopted for handling emigrants from continental Europe.

His visit to Norway, Sweden and Denmark convinced him there was a very decidedly favorable opinion among the authorities of the Governments of those countries in regard to emigration to Canada.

## PRINTERS' OLD AGE PENSIONS AMENDED

Indianapolis, Ind., Aug. 12.—Two important issues that had been points of contention between opposing factions of the International Typographical Union for some time were settled at yesterday's session of the Diamond Jubilee Convention of the organization here.

The convention unanimously altered the old age pension benefit laws to fix the retirement age at sixty years after twenty-five years of continuous working membership, and refused to adopt a resolution which would have permitted the Mailers' Union to withdraw its membership from the International Typographical Union.

The voting was interspersed by bitter clashes between the progressive faction headed by President Charles P.

Howard and the followers of James M. Lynch, ex-president. The progressives were victorious each time and succeeded in retaining in the old age pension law a provision that pensioners may work, not to exceed two days a week, and still receive the \$8 a week pension benefit.

The convention adopted a committee report which had for its aim the culmination of an arbitration agreement with all the newspaper publishers affiliated with the American Newspaper Publishers' Association, rather than the formation of arbitration contracts with individual publishers.

Charleston, S.C., was selected as the 1928 convention city.

## LOOT WAS FOUND BY POLICE IN ONTARIO

Cookstown, Ont., Aug. 12.—A small cache of loot was recovered yesterday in underbrush in West Gwillimbury Township by Ontario provincial police searching for stolen goods believed to be hidden in this district by the perpetrators of a series of burglaries during the past few months in the Beeton locality.

The police were aided in this discovery by Henry Thornton, a friend of the late Daniel Forsythe, who voluntarily offered the information concerning the concealed quantity of silverware, a revolver and a plush coat, said to have been stolen by Daniel Forsythe.

Forsythe was killed recently in an attempt to rob a homestead's residence. Quantities of foot had been found before the latest discovery.

## CANADA URGED TO CREATE NEW CAPITAL

Town Planning Commission Chairman Suggests City in Laurentian Hills

Ottawa, Aug. 12.—Transfer all Ottawa into the Laurentian Hills and thus create a new capital.

That is the plan advanced by Noulton Cauchon, chairman of the Ottawa Town Planning Commission. While most people seem inclined to ridicule such a suggestion, Mr. Cauchon points to Brazil building a new capital away from Rio de Janeiro and Australia building Canberra.

## SAYWARD FAIR TO BE HELD SEPTEMBER 5

The Sayward Agricultural Fair will be held in the Community Hall, Sayward, on Monday, September 5. An excellent programme of sports has been arranged, and the show promises to eclipse all others held in the district.

The fair committees are as follows: Organizing Committee—Chairman J. Lewis; Mesdames P. Belanger, M. Henry and E. Settle; D. Davies, J. Edwards and J. H. Walls; secretary-treasurer, A. Henry.

**Operating Committees:** Section A Cattle, O. Skogan; Section B Horses, G. Cook; Section C Sheep and Swine, C. Collett; Section D Poultry, J. B. Howe; Section E Dairy, Mrs. I. Duncan; Section F Vegetables, D. Davies; Section G Field Crops, J. Edwards; Section H Potatoes, P. J. Harris; Section I Fruit, W. A. Miller; Section J Flowers, Mrs. P. Belanger; Section K Ladies, Mrs. S. H. Dyer; Section L Children, Mrs. J. Laurensen; Section M Arts and Crafts, Mrs. T. Wren; Reception, J. Lewis; Refreshments, Mrs. M. Henry; Features and Sports, J. H. Walls; Entertainments, Mrs. G. A. Browning.

## Sooke

The Sooke branch of the Canadian Legion, B.E.L., held their second monthly social on Wednesday evening. The clubroom looked gay with flags and there was a large attendance of members and their friends. The following took prizes at the whist drive. Ladies prize, Mrs. Hower; gentlemen, Mr. Lock; booby, J. Martinson. There was dancing after the whist, for which Mrs. J. C. Cooke and S. Helgesen kindly played. Excellent refreshments were served by Miss Hower and other ladies. The evening wound up with part songs and solos by Comrade Stacey.

Mrs. Clayton and her son, C. Clayton, are guests of Mr. and Mrs. G. McIntosh.

Mrs. Moore of Victoria is visiting Mrs. Ediberson.

Mr. A. Beasley of Victoria, with Mr. and Mrs. J. Peden, have been visitors of Mrs. Philip Snapp.

Miss Eden wishes to correct a mis-

understanding in reference to the newly-placed water trough. She did not donate it, but merely made a suggestion which was taken up through the courtesy of S. Helgesen and the City Water Works.

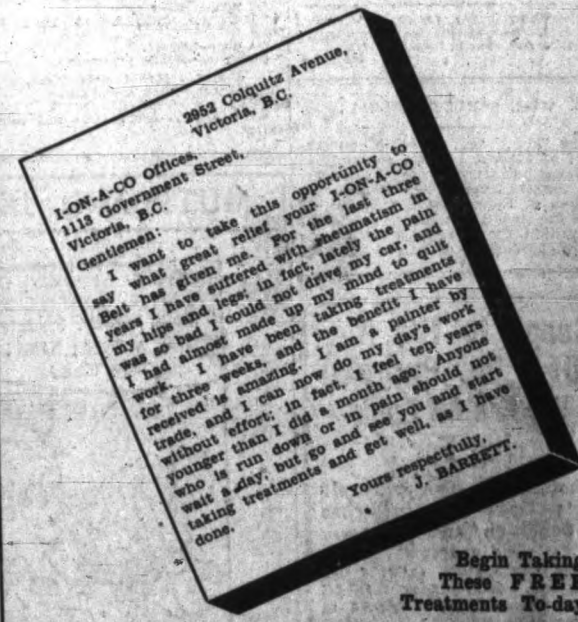

Mrs. A. P. Rayment and her son have returned home from their stay in Victoria.

## BROADCAST WAVES

Station WPG at Atlantic City broadcasts the splash of the ocean waves twice daily. At 4.35 and 9.30 the microphone is lowered to the water and thousands of fans are thrilled by long-distance wave splashing.

# NEW CHRYSLER "52"

**Still higher quality—yet lower prices**

# \$925

To \$1,095 F.O.B. Windsor, Freight and Taxes Extra

**52 miles per hour**

**5 to 25 miles in 8 seconds**

**Full Sized bodies for adult passengers**

**HERE** again in this new "52"—at its new, astonishingly low prices—is another one of those vivid Chrysler demonstrations of greater value which tell their own striking story at a glance.

You need only see the Chrysler "52"—contrasting it in your mind with everything offered in its field—to realize that once more Chrysler Standardized Quality has yielded more to the buyer than money has ever been able to buy before.

Here is vigor of performance far greater than you have ever been able to buy before at this money—52 and more unvarying miles per hour, delivered with a smoothness no other low-priced car can even approach.

Here, in the new "52" is more space and comfort with longer, roomier bodies, staunchly constructed of wood and steel, than ever provided before.

Here are saddle-spring seat cushions providing comfort such as is found in cars of much higher price; artistic, indirectly-lighted instrument panel; handsome steering wheel easily adjustable to your size and height.

Here is maximum driving vision afforded by narrow corner pillars. Cadet visor on closed cars. Fine mohair upholstery in closed, and leather in open models. Vertical-ventilating windshield on closed cars. Lower and new type compact top with jack-knife fold on open

cars to enhance streamline effect. Here are colors in which Chrysler engineers—who have always led the color trend in the industry—fairly outdo themselves. Harmonious blendings of smart greys, greens and blues, with striping, beading, window reveals in sharp contrast. See it—its very appearance will make you want to take the wheel in a test drive.

And above all, drive it—for once you have experienced its performance we are confident that you, too, will agree that in the new "52" Chrysler has passed beyond all accepted limits of what \$925 to \$1,095 have been able to buy in motoring performance, comfort and luxury.

## New "Red-Head" Available

The New Chrysler "Red-Head" engine, giving extra speed, pick-up and hill-climbing ability, assured by the use of high-compression fuels, is now made available for the new Chrysler "52". Any Chrysler dealer will gladly give you full particulars and an impressive demonstration.
